Before Device Installation

Wall-Mounting Tips

Take the height of all device users into consideration. It is recommended to install the device at an eye-level height.

Ensure sufficient space for both horizontal and vertical mounting orientations.

Do not drill holes above wall studs, electrical wires, or pipes.

Before installation, unplug the device from the power socket and keep it away from water sources.

Download AiMOR app on your mobile phone

To share your schedule with compatible calendar devices worldwide, please first download the free AiMOR app on your mobile device.

Search for "AiMOR" in the App Store (iOS) or Google Play (Android) to download the AiMOR app.

Bind and Connect Devices

To synchronize your schedule with AiMOR Calendar, you need to connect the AiMOR app to the AiMOR Calendar device. Follow the steps below for connection:

Download the "AiMOR APP" through your mobile phone

Open the device's member management settings

Open device sharing

View the device sharing code

Enter the device code in the "AiMOR APP" to bind the device

You can now synchronize your mobile phone with the calendar

Click on the device sharing icon "🔗" on the AiMOR Calendar A pop-up will appear with a unique code, which is valid for 12 hours.

Now, open the AiMOR app on your phone, tap the "+" icon under the device tab, enter the code from the AiMOR Calendar, and click. Your mobile app is now connected to the photo frame.

Share the AiMOR Calendar code with friends and family. They can add the AiMOR Calendar and start synchronizing or creating schedules, household chores, etc., to it. There is no limit to the number of mobile users connected to the the AiMOR Calendar.

Wi-Fi

Icon  to view the WiFi status,  means that the WiFi signal is strong,  means no WiFi, and icon  to view the server status,  means connecting to the server,  means disconnecting the server.

Factory Reset

Deletes all data from your frame. This will permanently delete all your photos/videos, contacts, and settings.

Warranty & Contact Us

Limited One-Year Warranty

We offer a one-year quality warranty on all products, valid from the date of purchase, and subject to the following terms and conditions:

If a quality defect is discovered within the warranty period, the manufacturer is responsible for repairing or replacing the device at no charge to the customer.

This warranty does not apply to damages caused by improper use, accident, exposure to water, or if the product was altered or repaired by anyone other than the Manufacturer's Service Center.

The manufacturer shall not be liable for any incidental or consequential damages arising from the use, misuse, or mounting of the photo frame.

All information in this manual is based on the latest information available at the time of publication. We reserve the right to make changes at any time without notice.

Feedback

We strive to continuously improve our product and user experience. If you have any questions, comments, or suggestions, please reach out to us by email or through the support feature in the AiMOR app.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the

following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Exposure Information

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure
