

STATEMENT

Pink Nectarine Health AB have modified the antenna of the radio module with FCC ID 2AATL-8223A-SR which has been integrated into their product "Hub" with FCC ID 2AYFF-HUB01. It is only the antenna that have been changed during the design from the original certification, and nothing else has been altered for the radio module FCC ID 2AATL-8223A-SR. All grant conditions and user manual requirements for the radio module are fulfilled when integrated into the product "Hub" according to the manufacturer *Pink Nectarine Health AB*.

It is the opinion of Intertek Semko AB that all test results in *Nore Testing Center's* Test Report No. NTC1712035FV00 can be re-used, except that of transmitter spurious emission, which has been re-tested in *Intertek's* Test Report No. 2019843STO-310.

The two above-mentioned test reports together cover the full applicable test scope, section 15.247 of 47 CFR Part 15 Subpart C.

Date of issue: February 23, 2021
