SPECIFICATION :

Model No	SH005
Bluetooth Version	JL BT 5.0
Noise Cancellation Frequency	50-700HZ
ANC degree	20dB±3dB
Frequency Response:	20Hz-20kHz
Speaker Driver	40mm
Sensitivity	102dB(A) +/- 5dB at 1kHz
Impedance	32Ohm +/- 4Ohm
Support Profiles	A2DP/AVRCP/ HFP/HSP
Rated Output Power	30mW
Input	DC 5V/1A
Battery type	Lithium polymer battery
Battery capacity:	3.7V/400mAh
Playing time at max volume when ANC ON	10 hours
Playing time at max volume with ANC OFF	15 hours
Charing time	2 hours

FCC Caution:Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to

try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
