*How to find your iPad Model: Settings → General → About → Model Name
*Please ensure your iPad is running iOS 12.2 or later.
* If your iPad was paired with an Apple pencil before, please unpair it before using the pen.

▼ Quick Guide

1. Power on

No need to pair with an APP or Bluetooth, ready to use when it's on. Click once the button to turn on the Pencil Crown. The indicator light will show the power level.
Battery Power Percentage:
White: ≥60%
Blue: 20%-60%
Red: ≤20%

2. Power off

Press and hold the button for 2 seconds or leave it inactive for 5 minutes. The Pencil Crown will automatically shut down and the indicator light will go out after the pencil is turned off.

3. Charging

Please use our included Type-C cable and make sure the charger is connected properly.
When charging: Red breathing light
Fully charged: White breathing light
*Wireless charging is not supported.

4. Replace the pen tip

If you need to replace the pen tip, unscrew the old tip counterclockwise and then screw in the new tip clockwise.

▼ Warning

- Choking hazard - Small parts. Children should use the device under adult supervision.
- Built-in non-removable battery, any improper usage may cause battery safety hazards and lead to safety problems.
- For better protect battery, we recommend not use the pencil when charging.

▼ FAQ

Q1: Why my pencil can't work with my iPad?

- Make sure that Pencil Crown turns on.
- The pencil Pencil Crown supports iPad series 2018 and later models. Not work for iPad before 2018, iPhone, Android, Microsoft devices.
*Identify your iPad model: Tap Settings → Tap General → Tap About → Find Model Name → Check the "Compatible devices" part at the beginning.
- All iPad models must be updated to iOS 12.2 or above. Use the official notes downloaded in the App store.
- If iPad was paired with an Apple pencil before, unpair it before using the Pencil Crown.

Q2: Why my pencil does not turn on or has battery problems?

- Please make sure your pencil is fully charged (led will turn White)
- Click once the button to turn it on, long press for 2 seconds to turn it off.
- When charging, use our included Type-C cable and make sure the charger is connected properly. If the tips above do not solve your problem, please don't worry and feel free to contact us at support@metapen.com (24 Hours Fast Response & 12 Months Warranty)

▼ Correct Disposal of This Product

- (Waste Electrical & Electronic Equipment)
- This Marking shown on the product or its literature, indicate that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment on human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household user should contact either the retailer where they purchased this product or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract This product should not be mixed with other commercial wastes for disposal.

▼ FCC Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

▼ ISED statement

This device complies with Industry Canada licence-exempt RSS standard(s).
Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF Radiation Exposure

This equipment complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment.

L'appareil est conforme aux limites d'exposition aux rayonnements spécifiées par la FCC/ISED pour les environnements non contrôlés.
