27 appliance input socket on the product No other objects should be placed
28 nearby to prevent the multimedia projector from being disconnected from
29 the power supply.
- 30 **This is a Class A product The product may cause radio interference in the**

may not cause harmful interference, and you must accept any interference received, including interference that may not be caused by this equipment.

Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment uses technologies that can radiate radio frequency energy and, if not used in accordance with the instructions, may cause harmful interference to other equipment. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is advised to try to correct the interference by one or more of the following steps:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC and ICSED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between radiator & your body.

Le présent appareil est conforme aux limites d'exposition au rayonnement FCC et ICSED pour un environnement non contrôlé. Cet équipement devrait être installé et utilisé avec une distance minimale de 20cm entre le radiateur et votre corps.

NOTES:

1. This equipment complies with Innovation, Science and Economic Development Canada (ISED) RSS standard(s). Operation is subject to the following two conditions:
2. This equipment must not cause interference, and
3. This equipment must accept any interference, including interference that may cause

When opening the packaging box, please refer to the following list. If anything is missing, please contact your dealer.

Projector
