Solder Board-Component View 2	 A semi-circular white PCB component is shown against a blue background. It features several small yellow LEDs and various electronic components. A ruler is placed next to it for scale, showing measurements in millimeters.
Solder Board-Component View 3	 A small, rectangular white PCB component is shown against a blue background. It features electronic components and a small label with the text "2039". A ruler is placed next to it for scale, showing measurements in millimeters.

Solder Board-Component View 4	 A photograph of a small, white, irregularly shaped printed circuit board (PCB) component. The component has several gold-colored solder points and two blue circular features. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10 mm and 80 mm marks.
Solder Board-Component View 5	 A photograph of the same white PCB component from a different angle. This view shows a rectangular component with a black integrated circuit (IC) and a small black component labeled 'SW1'. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10 mm and 70 mm marks.
