

[illegible]

FCC Statement
 This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used properly, it may cause interference to other equipment. However, there is no guarantee that interference will not occur in a particular installation. If you experience interference, you may wish to take the following steps to correct the reception, which can be determined by turning the equipment off and on, or the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that which the receiver is connected to.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this device.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

[illegible]The logo for BASON LIGHTING features the word "BASON" in a large, bold, blue sans-serif font. The letter "O" is replaced by a stylized ship's wheel. Below "BASON" is a horizontal blue line, and underneath that line, the word "LIGHTING" is written in a smaller, grey, all-caps sans-serif font.
