Working Temperature: 20-55°C
Color: 16 kinds of colors, dimmable&4 flash modes.
LED strip: 7.5M Strip x 2, 450pcs SMD 5050RGB
Control distance: 8 meters.

FCC Statement
changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Please use the buckles provided to ensure a much stronger fixing, especially when attaching to a wall. (Although it is not always necessary, this is our recommenda

Q: Why APP music function can't play music?(as shown)

A: no downloaded music in phone storage or SD card.

Solution:

IOS: Download music from your computer's iTunes to your phone storage.

Android: Download music to phone storage.

Installation diagram:

1. Feature

APP: HomePlus Light
Sprache: Chinesisch / Englisch / Deutsch
Betriebsplattform: Android 4.0 oder IOS 9.0 oder höher
Eingangsspannung: DC 24V
Maximale Ausgangsleistung: 48W
IP-Bewertung: Ip20
FCC ID: 2AYVG-E824B
Arbeitstemperatur: 20-55 ° C
Farbe: 16 Arten von Farben, dimmbar und 4 Blitzmodi.
LED-Streifen: 7.5M-Streifen x 2, 450 Stück SMD 5050RGB
Kontrollentfernung: 8 Meter.

Installationsbeschreibung
• Es gibt zwei Möglichkeiten, die Lichtleiste zu installieren. Bitte wählen Sie die gewünschte aus.
• LED-Lichter können mit Klebstoff Klebeband (auf der Rückseite der Streifen) geklebt werden. Bitte installieren Sie es nicht mit mechanischen Belastungen, die das Licht beschädigen können.
• Reinigen Sie den Bereich, in dem die Lampen installiert werden sollen, sorgfältig, und achten Sie darauf, dass kein Staub, Schmutz oder Fett vorhanden ist. Andernfalls fällt der Streifen ab

Bitte verwenden Sie die mitgelieferten Schnallen, um eine viel stärkere Befestigung zu gewährleisten, insbesondere beim Anbringen an einer Wand. (Obwohl es nicht immer notwendig ist, ist dies unsere Empfehlung)

Ziehen Sie das blaue Papier vom Streifen ab, bringen Sie den Streifen an und befestigen Sie ihn nach 10 Minuten mit einem Druckknopf.

Peel the blue paper from the strip, install the strip and fix it with a snap after 10 minutes.
