

DECLARATION OF NON-OPERATION ON WI-FI 2.4 GHZ CHANNELS 12 AND 13

Product Name Smart Pod

Model Number 10506

FCC ID 2AYXT61100005

Applicant/Grantee Eight Sleep Inc.

To Whom It May Concern:

We hereby declare that the above-referenced device is configured for operation in the United States and will not operate on Wi-Fi 2.4 GHz Channels 12 (2467 MHz) and 13 (2472 MHz).

For the U.S. regulatory domain, the device firmware and software restrict operation to Wi-Fi 2.4 GHz Channels 1 through 11 (2412 MHz through 2462 MHz). Channels 12 and 13 are disabled and are not available for user selection or transmission.

The end user cannot enable Channels 12 or 13 through the device user interface, configuration settings, or other user-accessible controls.

We attest that the information provided in this declaration is true and accurate to the best of our knowledge.

Sincerely,

**Authorized
Signature:**

A handwritten signature in black ink, appearing to read 'Tao Zhao', written over a horizontal line.
