

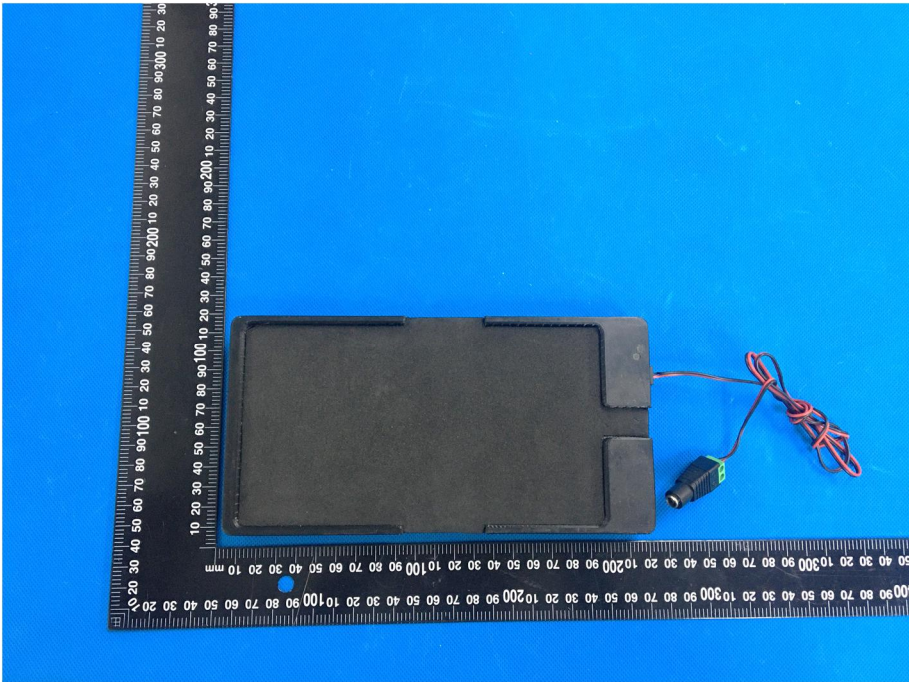

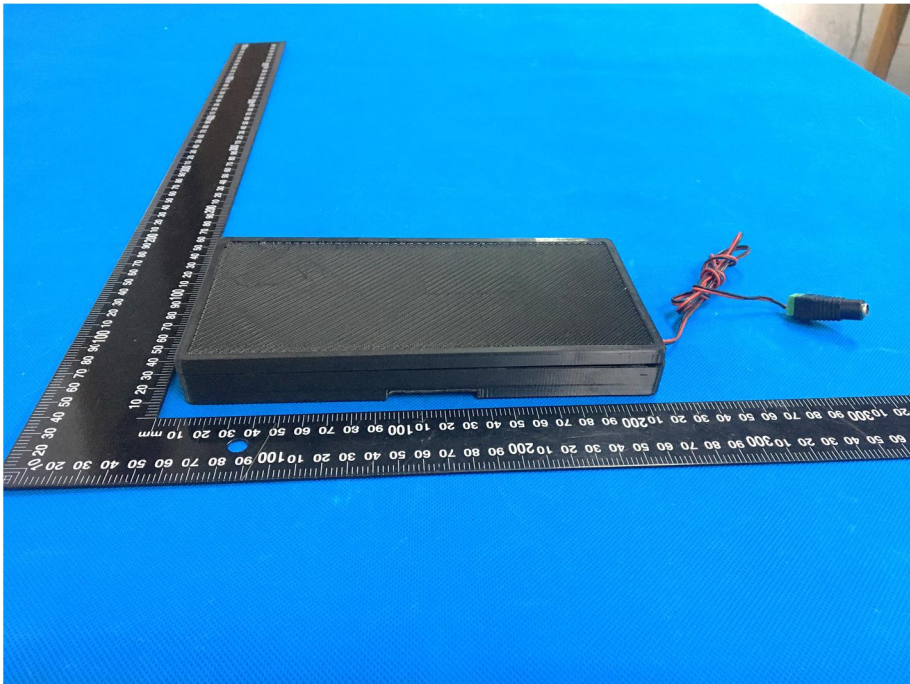

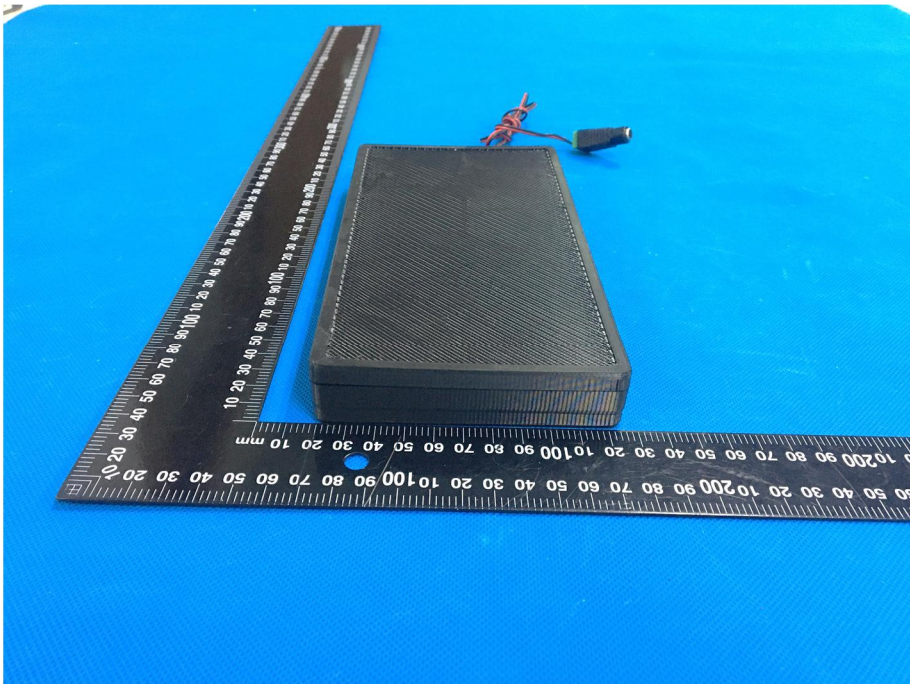

**EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS**

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>EUT View 1</b></p> |  A black rectangular device, likely an External Under Test (EUT), is shown from a top-down perspective. It is positioned on a blue surface. To its left is a black ruler with white markings, showing measurements in millimeters and centimeters. A red cable with a green connector is attached to the right side of the device.  |
| <p><b>EUT View 2</b></p> |  A black rectangular device, likely an External Under Test (EUT), is shown from a top-down perspective. It is positioned on a blue surface. To its left is a black ruler with white markings, showing measurements in millimeters and centimeters. A red cable with a green connector is attached to the right side of the device. |
