Quickstart Guide

Get ready to

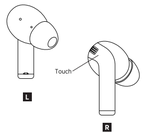

Enjoy music on the go.

Before use, be sure to know the ins-and-outs of all wireless functions on your device(s).

True Wireless

Supported by IOS & Android Systems

Operation Guide

L R	**One Touch:**	Play/Pause/Answer/Hang Up
L R	**Long Touch 2 Seconds:**	Power On/Call Rejection/Voice Assistant
L R	**Long Touch 5 Seconds:**	Power Off
L R	**Double Touch:** **Triple Touch :**	Next Song Previous Song

Easy Pairing

1. Before using this product, put both buds into the charging case and give them full charge。To charge, use the USB C cable via the socket on the bottom of the charging case。For more details, check the related section in this manual。
2. Put the left and right bud into the charging case to wake them up。The buds are charged and activated when the indicating lights on the two buds switch on and turn red。
3. Take both buds out of the charging case。Red and white lights will flash to indicate pairing。Successful automatic pairing should only take a short while。Once paired, one bud will flash white and the other bud will flash red and white。

 Enable the Bluetooth function on your phone。Find the "Gabb Buds" pairing name under "Bluetooth Settings" and select to pair。Once paired successfully, the two buds will flash white at a very slow speed。

4.

Note: 'I' needed, please switch the buds off and repeat the above steps to pair again。You can switch the buds off by touching for 5 seconds。

Power On/Off

1. The two buds will automatically switch on when removed from the charging case。When placed back into the charging case, the buds will automatically switch off。
2. To switch off, touch the buds for 5 seconds。To switch on, touch for two seconds。

Deletion of the Paired Memory

- To remove your Gabb Buds from your device, go to "Devices Settings", select "Gabb Buds (Bluetooth)" then select "Forget"。

Charging Buds and Case

Charging Case — Charging Time: 2 Hours

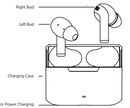

LED Status Indicating Light

- When charging the charging case, the light will keep flashing white。
- When fully charged, the white light will stop flashing and remain on。

Buds — Charging Time: 1 Hour

- When charging, the lights on buds will be red, and light on the charging case will be white。When fully charged, the red light on the buds will switch off, and the white light on the charging case will switch off。
- If the buds reach critical battery, the red lights will begin to flash, and low battery warning will sound。
