THE STATEMENTS SHOULD BE DISPLAYED IN THE USER MANUAL:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC PART 15 NOTICE STATEMENT:

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with limits for Class B digital device, pursuant to Part 15 Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or experienced radio/TV technician for help.

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference , and
- (2) This devise must accept any interference received, including interference that may cause undesired operation.

PACKAGE CONTENTS:

- 1x Flip Spin 360 RC Car
- 1x Controller
- 1x USB Charging Cable
- 1x 3.7V Rechargeable Battery
- 2x AA Batteries
- 1x Quick Start Manual

RC CAR & REMOTE CONTROL FUNCTIONS:

REMOTE CONTROL BATTERY INSTALLATION:

SYNCING THE REMOTE CONTROL WITH YOUR BROOKSTONE® RC VEHICLE:

This vehicle uses 2.4GHz remote control technology that allows 8 different vehicles to be synced to their own remote controls without any wireless interference.

FOLLOW BELOW STEPS TO CONNECT ONE RC VEHICLE:

1. Make sure that both the Vehicles and the Remote Control switches are in the "OFF" position. Make sure that there are no 2.4GHz devices in the area.
2. Switch the Vehicle to the "ON" position. Switch is located on the underside of vehicle.
3. Turn on your Remote Control to the "ON" position. Remote control light should blink until automatically connected to vehicle.

FOLLOW BELOW STEPS TO CONNECT MULTIPLE 2.4GHz RC VEHICLES:

1. Make sure that all Vehicles and Remote Controls are in the "OFF" position. Make sure that there are no outside 2.4GHz devices in the area. Note each vehicle must be synced one at a time to avoid wireless interference.
2. Follow above steps 1 – 3 for each car, one at a time.

After a vehicle has been synced, leave the Vehicle and Remote Control in the "ON" position until all players are synced. Repeat the above steps if interference between vehicles occur.

IMPORTANT NOTICE:

DO NOT USE THIS RC VEHICLES IN INCLEMENT WEATHER. BOTH VEHICLE AND REMOTE ARE NOT WATERPROOF.

1 Year Warranty Details

BROOKSTONE Toys provides a 1 year warranty from the purchase date on the purchase receipt.

This warranty is supplementary to the warranty rights in the state of purchase.

The warranty covers the function of the product. It does not include external damages due to normal wear or accident-related damage, misuse or negligence.

The warranty does not apply in the event of failure to observe the operation or assembly instructions.

Any battery pack included in the delivery is explicitly excluded from the warranty.

The validity of the warranty expires in case of improper use or tampering.

Scope and application of the warranty

All claims that arise during the warranty period should be communicated in writing as per instructions below. Claims for lost product are excluded.

To enforce the warranty claim, please return any problematic items still under warranty with the original purchase receipt to:

BROOKSTONE Toys
132 West 36th Street, RM 800
New York, NY 10018

Please retain the original purchase receipt together with the warranty conditions for the duration of the warranty period. BROOKSTONE Toys reserves the right to refuse a warranty repair or warranty confirmation if proof cannot be provided.

Please make sure that the product is safely packed for transport. BROOKSTONE Toys is not responsible for damage in transport, or damages incurred when returning the product to BROOKSTONE Toys.
