Thank you for purchasing Smart Camera. Get started using your new devices by downloading TuyaSmart, one convenient app that manages everything straight from your phone. Easily connect to your home Wi-Fi and control multiple devices from the touch of your fingertips What's in the Box - Smart Camera ×1 - USB Cable ×1 - User Manual ×1 - Mounting Bracket ×1 * - Adapter ×1 * - Screw bag ×1 * - Punched sticker ×1 * *: Different products have different accessories, please refer to physical packing.	5 Add device (Bluetooth)  - Turn on your phone's Bluetooth, and Open TuyaSmart APP, click "+" on the top right corner of the page "HOME", then select "Add Device".  - Wait for Bluetooth to search the device then select "Add".	5 Add device (Bluetooth)  - Choose Wi-Fi and enter password.  - Wait for the device to finish connecting.	Frequently Asked Questions 1 Can I share with family and friends? Yes, you can share your cameras with family and friends who will have access to view the camera and control your bulbs, plugs, and other devices. In the app, press the Profile button and click on the "Home Management" button, and you will be able to give or revoke sharing permissions. In order to share, the other user should already have downloaded the app and registered a new account. 2 What's the Wireless Range? The range of your home Wi-Fi is heavily dependent on your home router and the conditions of the room. Check with your router specifications for exact range data. 3 How many cameras can I control? TuyaSmart app can control an unlimited amount of devices in an unlimited amount of locations. Your router may have a limit of how many devices can be connected to one router. <i>*You can find much more useful information in the Help Center on App.</i>	Technical Specifications - Audio: Internal Speaker and Microphone - Storage: supports up to 128G Micro SD card (not included) - Wi-Fi: IEEE 802.11b/g/n, 2.4GHz(not compatible with 5GHz Wi-Fi networks) SMART WI-FI CAMERA USER MANUAL

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
