6 Press

INSTALLATION GUIDE

STEP 1

Remove the Metal Ring sticker.

STEP 2

Stick the adhesive side of the metal ring to the back of your mobile phone, or to wood, tiles, glass or a wall.

STEP 3

Attach the speaker to the fixed metal.

NOTE: The metal ring is not magnetic and is for use with this speaker only.

COMPLIANCE

SAFETY GUIDELINES

- Be wary of any edges, uneven surfaces, and metal parts, including on accessories and product packaging, to prevent any possible injury or damage.
- Listen to music at a proper volume to avoid damaging your hearing and speaker.
- Do not store in high temperatures, such as in a hot vehicle or in direct sunlight.
- Store in cool and dry area.
- Do not drop or cause undue impact to the speaker.
- Do not modify, repair, or dismantle the product on your own.
- Ensure all port covers are securely closed if exposing speaker to liquid, and do not expose speaker and any of its supplied parts to liquid such as rain for prolonged periods of time.
- Please see IPX5-Rating for more guidelines.
- Do not expose the speaker to water while charging, as doing so may result in damage to the speaker or the power source.
- When cleaning this speaker, use a soft dry cloth. For more severe stains, dampen the cloth with water only. Anything else increases the chance of dissolving the paint or damaging the plastic.

FAQ & SUPPORT

If your device is not functioning correctly, please email support@rayconglobal.com for customer support, and we will be more than happy to help you.

Weight: 0.1876 lbs
Product Size: 45*60mm
Bluetooth Operating Range: 10m

FCC WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure statement. The device can be used in portable exposure condition without restriction
