

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

ACTIVE NOISE CANCELLING HEADPHONES

USER MANUAL

Read the below warning thoroughly before you start using your headset. Store this manual with product packaging. These safety precautions reduce the risk of fire or injury when correctly complied to.

- To reduce the risk of injury :
- Keep batteries out of reach of children.
- Do not heat, open, or dispose of battery pack in fire.
- Do not allow metal objects to touch the battery on the device.
- Do not expose battery pack to excessive heat.

Fully charge the headset before using for the first time.

TECHNICAL SPECS

Bluetooth: v5.3
Chipset: JL AC7026A
Battery: 200 mah
ANC: 20db±2db
Driver: 32Ω
Speaker: 40mm
Charging Time: 1–2H
Playtime: 10–15h ANC off
Playtime: 8–10h ANC on
Sensitive: 105dB±3dB
Frequency Response: 20–20kHz
Type-C Charging Port

KEY OPERATING INSTRUCTIONS

Power Key
Long press this button for 1.5 seconds to power on; Long press for 3 seconds again to power off. Find the Bluetooth name "ANC" in the search list to connect it to your mobile or other Bluetooth device.
