

Operation Description

1、product presentation

This product supports 15W of configurable charging mode. Provides 15W power supply, Meet the WPC Qi standard RX. Support for foreign body detection, If there is a foreign body, the transmitter is turned off as a metallic conductive material between the transmitter and receiver.

2、product parameters

Name: Onboard 15W Wireless Charging

Model: W015CN-09

Colour: Black

Input Voltage: DC 16V~20V

Input Current: 1.5A(max)

Output Power: 15W(max)

3、characteristic

- ☐ Meet the WPC Qi standard
- ☐ Support for foreign body detection
- ☐ Operating temperature range: 0 – 35degC。 Humidity range: 20% - 80%。
- ☐ Storage temperature range: -20 – 70degC。 Humidity range: 5% - 90%。
- ☐ RoHS compliant

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to

operate the equipment

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC ID:2AZX2-DB000001

ISED Statement

This device contains licence - exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence - exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

ADVERTENCIA IC Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS)d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis auxdeux conditions suivantes : (1) Cet appareil ne doit pas causer d'interférences. (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This device complies with ISED RF radiation exposure limits set forth for an uncontrolled environment.

L' équipement est conforme aux limites d'exposition aux rayonnements définies par la IC pour les environnements non contrôlés. La distance minimale entre le dissipateur de chaleur et votre corps doit être de 20 cm lors de l' installation et de l' utilisation du matériel.
