Columbia, MD 21046

To whom it may concern:

This letter is to inform you that we, **Lazurite Holdings LLC**, are requesting Change in FCC ID for the new certification(s), FCC ID: 2AZYQ-01A. The device to be certified is identical in design and construction to the originally approved product(s).

In order to ensure continued compliance of the product, we have employed the following:

The product will still be manufactured by the same company using the same design specifications as the original module.

The same PCB design, layouts and parts list will be used to manufacture the product.

We are implementing a module testing regime where we will test each module to ensure it meets the performance requirements of the original module in terms of both compliance and performance.

Sincerely,

Patrick Polito M.S.

Director of Regulatory and Compliance
