 - * Multi-modes cycle switching-OBSERVATION MODE
VIGILANCE MODE
CONVERSATION MODE
POWER MODE
MOVE MODE
 - * Automatically shut down if there is no operation within 2 hours

CONTENTS OF THE PACKAGE

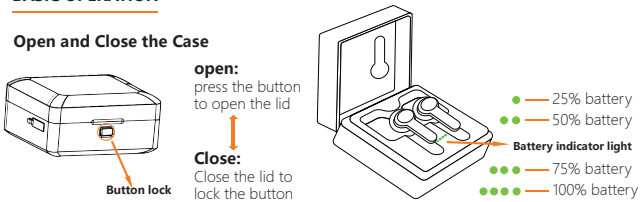

Insert Earbuds to Ears

- 1.Before inserting earplugs, make sure they are clean.
- 2.Gently roll the foam tip in finger while attached to the neck of the earbuds.
- 3.Pull the top of your ear upwards and outwards to widen the ear canal, while gently pushing the earbuds in.
- 4.Wait approximately 20 seconds for the ear tip to expand and foam a seal in your ear. Important: With foam expanding, your ear might feel a bit itchy during wearing, caused by the change of air pressure. It will fade out after the earplug fitting. However, if you feel itchy all the time after your earbudswearing, it is suggested you to take out the earbuds and then consult a doctor and contact us.

BASIC OPERATION

Open and Close the Case

Charging Case

- When you hear the invoice reminder“Low battery” or you see LED indicators on earbuds are red,Please place them in the charging case to recharge promptly.
 - when you see the charging case light's flashing,please recharge the charging case. If the charging case is out of power,please power off the earbuds before put them back to the charging case,otherwise you may hear it's buzzing.
- 1.Battery charging Place the earbuds into the charging case. The indicator light on the earbuds will turn on, indicating that charging has begun.
 - 2.USB-C cable charging Connect the USB-C cable to the power source and the charging case. Place the earplugs into the charging case. The indicator light on the earbuds will illuminate, signifying the start of charging.The charge case lights off when fully charged.Charging time is approximately two hours
- Red light on: charging
Red light out: charging complete

BASIC OPERATION

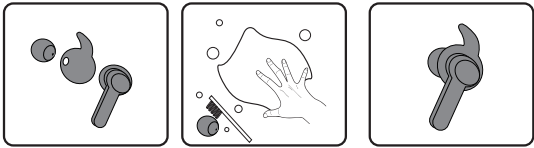

Bluetooth Paring (Triple press to enter Bluetooth Mode)

- 1.Insert the earbuds into charging case
 - 2.Remove the earbuds from case. Triple click touching area flashing red and blue indicates they are ready to pair.
 - 3.Navigate to your device's bluetooth menu, search for GS-S1 and tap to connect
 - 4.After pair successfully,you will hear the voice “bluetooth connected” and LED indicator on earbuds stop flashing.
-

MAINTAIN

Clearance

Clean your earbuds with a brush and use clean the surface of your Earplugs and accessories with a dry, lint-free cloth and carefully check the earbud to ensure they are free of ear wax or moisture after used. Silicone ear fins can be cleaned with water.

⚠ Note: Do not immerse the earbuds and foam tips in water!
