Back	 The back view of the device shows a white plastic housing with a black display screen in the upper right corner. The screen displays 'ABCD' and has five small circular indicators below it. To the left of the screen is a circular port with a metal flange. A warranty label is attached to the screen. The housing has a central circular port and a smaller circular port on the right side. The word 'TOP' is visible on the right side of the housing.
Top	 The top view of the device shows a white plastic housing with a black display screen in the upper left corner. The screen displays 'ABCD' and has five small circular indicators below it. To the right of the screen is a circular port with a metal flange. A warranty label is attached to the screen. The housing has a central circular port and a smaller circular port on the left side. The word 'TOP' is visible on the left side of the housing.

Bottom	 The image shows the bottom view of a white, rectangular electronic device. The device has a black top cover with a silver-colored metal connector on the left side. A small, rectangular label is visible on the bottom cover, which reads "Warranty void if seal is broken" and "Sensys Gatso Group". The device is secured with four screws at the corners.
Right	 The image shows the right side view of the same white, rectangular electronic device. The device has a black top cover with a silver-colored metal connector on the right side. A small, rectangular label is visible on the bottom cover, which reads "Warranty void if seal is broken" and "Sensys Gatso Group". The device is secured with four screws at the corners.
