

Projector AT-M269 Series

User Guide

Due to continuous improvement, actual product may differ from the manual. Manual is for reference only.

After Sales Email support@atmnet.com

1. Safety Notice:

- 1.1 Please read use manual carefully before you use projector.
- 1.2 To prevent the projector from overheating and ensure its stable operation, it is recommended to install the projector in a well-ventilated place. For example, don't place the projector on a messy coffee table, sofa, bed, etc. Do not place the projector in a narrow space with poor air circulation, such as a bookcase or closet.
- 1.3 Do not use this projector near water or wet places. To reduce the risk of fire and/or electric shock, do not expose this projector to rain or damp.
- 1.4 Do not install this product near heat sources, such as radiators, heaters, stoves or other heat-generating equipment.
- 1.5 Use a dry cloth when cleaning.
- 1.6 Use only the connections and accessories specified by the manufacturer.
- 1.7 If this machine is physically damaged or used carelessly, please do not continue to use the machine. Such as the power cord is damaged, frayed cable in the projector, the projector suffers from rain or damp, foreign objects fall into the projector or internal components are loose, etc.
- 1.8 Do not let objects or liquids enter the projector. Otherwise, it may come into contact with dangerous voltage points and short-circuit components, resulting in fire or electric shock.
- 1.9 Pay attention to the safety sign on the projector housing.
- 1.10 This machine should only be repaired by relevant service personnel.
- 1.11 Before changing the product, turn off the power and unplug the power cord from the AC outlet. Wipe the hot shell with a soft dry cloth dipped in neutral detergent. If this product is not used for a long time, unplug the power plug from the AC outlet.
- 1.12 Do not block the air inlet and openings for ventilation on the equipment.
- 1.13 Do not use it under the following conditions: extreme hot, cold or humid environment; an area susceptible to a lot of dust and dirt; near any equipment that generates a strong magnetic field; direct sunlight.
- 1.14 When using this product, please keep it out of the reach of children and pets to prevent damage caused by the temperature of the device.
- 1.15 Do not look directly into the lens of the projector when using this projector. Bright light may harm your eyes.

Warning tips:

Please follow all warnings, precautions and recommended maintenance items in this user guide.

1.1 Warning-For children under 18 months, it is forbidden to use this product. Children over 18 months should use this product in the presence of parents or adults to avoid accidents.

1.2 Warning-Do not look directly at the projector lens when the light bulb is on. Bright light may hurt your eyes.

1.3 Warning-To reduce the risk of fire or electric shock, do not expose this projector to rain or damp.

1.4 Warning-Do not open or disassemble this projector to avoid electric shock.

1.5 Warning-Before changing the bulb, please completely cool the unit.

1.6 Warning-When turning off the projector, make sure to finish the heat dissipation process before unplugging the power cord. The projector needs 60 seconds to cool down. Note: 50 band (50Hz) indoor use only.

FCC Warnings:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into a different power outlet than that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body. Use only the supplied antenna.

2. Preparation before Light on

2.1 As following picture connect the power adapter(AC100-240V).

2.2 As following picture indicator on projector adapter connected.

3. Power on/Power off

Press " " button on projector or remote control to switch on the projector.

4. Remote Control Introduction

5. Language selection

5.1 When you turn on the projector for the first time, you will automatically be prompted for the language option bar. Please select the language according to your needs.

5.2 To change the language, you can reselect the language as shown in the figure below.

After projector switched on, following UI will appear after 2-4s, starting pictures flash.

7. Focus

To make the image clearer, please try to turn the Focusing Ring on the right side of the projector.

8. Zoom function

Manually turn the wheel to adjust the scene that suits you until the picture is clear. You can adjust the picture size at will while the clarity remains unchanged. The adjustment range is 90%-100%.

9. Connection

9.1 Connection Introduction

9.2 Overview

Press the "Power" button, it will enter the main interface after the "power" on/Logo appeared for a few seconds.

Main interface review

Pre-visual application

9.3 Local Player

Connect the USB flash disk drive to the projector and open local player with the remote control. Free select local disk, USB flash disk drive to open (video pictures movies and all files select the file you want to open, it will be lights around, then press OK to play, press the return key to exit).

Local Player support format as following:
