FOLD 1:
IN HALF

FOLD 2:
IN QUARTER

INSTALLING THE BATTERIES (Not Included)
Press and slide back cover off. Insert 2 AA batteries into the battery compartment. Make sure that the positive and negative ends are facing in the correct direction. Close the rear cover again.
Note: This unit uses the remote control up to 20 feet or more from the TV. The range may vary depending on the wireless environment conditions.
This remote control can also be used to control functions on a compatible Samsung soundbar. If the soundbar is paired with the TV, the remote control will not control the soundbar. If it is not, the remote control can still be used to control the soundbar. Only connect the TV with cables.
An IR remote control sensor, remove the batteries when direct remote control to allow for limited functionality with TVs that have an IR remote control sensor.
After installing batteries, with the TV in standby mode, point the remote at the TV. The remote control should be paired to the TV. It also labeled with a battery icon. If the remote control is not paired, the remote control sensor will not work properly.
Before using your remote control, you need to pair it with your Samsung TV. Pairing your remote with your Samsung TV.

WARNING: Changes or modifications to this unit not approved by the party responsible for compliance could void the user's authority to operate the equipment.
ONE YEAR WARRANTY: Kaithin warrants its products for one year against defects in manufacturing under regular consumer use with original receipt of retail purchase. We believe in our products and want to provide you with a replacement, if needed, but we have to know about the problem while the product is still under warranty. If you discover a defect covered by this warranty, please contact us about receiving a replacement. In order to use the product's warranty, the customer must provide proof of the retailer's receipt. *Any customers outside of the U.S. will be responsible for shipping and handling charges. If a replacement is required that is not due to a manufacturing defect. If there is not a manufacturing defect, shipping and handling will be applied.
Kaithin's warranty is limited to our products only. Our warranty does not cover the replacement or repair cost of any third-party accessory, electronic device or personal property. For instructions about how to obtain warranty service for your product, please contact Customer Service: customer.service@kaithinremotes.com
FC statement: This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment to an outlet on a circuit different from that to which the receiver is connected. Consult the retailer or a qualified technician for help. **FCC Radiation Exposure Statement:** This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and used with minimum distance of 15 cm between the radiator & your body. This transmitter must not be used or located or operating close to anything that could be affected by radio frequency interference.
