Manufacture: LABAU Technology Corp.

A/S Number: 1588-3003

R3A304

ASCD12345678

IFT ABCDEF23-123456

Complies with

IMDA Standards

DB123456

Incorpora produto homologado pela ANATEL sob

número XXXXX-YY-MMMM

CAN ICES-3 (B) / NMB-3 (B)

IC:34948-TCTR03

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received,

including interference that may cause undesired operation.

A diagram of the back of a monitor. A red rectangle highlights the central area where the LCD panel is attached. Below this area, a silver-colored metal bracket is visible, which is the point of connection for the power cable. A black power cable is shown extending from the bracket, looping around, and ending in a standard three-prong AC power plug. The monitor's back plate is dark gray with four circular mounting holes at the corners.
