Columbia, MD 21046

To whom it may concern:

DC 001 dba Spartan Radar hereby requests a Permissive Change Class II of the radio equipment certification for the Hoplo Radar Sensor certification number, FCC ID: 2BAHFHSENI. This product differs from the originally approved product in the following manner:

- a. Associated digital circuitry. No Changes to Digital Circuitry
- b. Functional capabilities. – No Changes to Functional capabilities
- c. Antenna Characteristics. – No Changes to Antenna Characteristics
- d. Cosmetic differences – No cosmetic differences
- e. Software – A new waveform is implemented to increase ability to detect faster objects in the field of view

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

VICTORIA MURRAY
HR/ OPERATIONS COORDINATOR
