Please store the product in a cool and dry place. Do not use in a humid environment. 2. Do not expose batteries or battery equipped devices to extremely high temperatures, such as sunlight and open flames. 3. If the battery is not replaced properly, it will explode. It should only be replaced with the same type of battery. 4. Do not replace the battery every by yourself. If the battery is damaged, contact professional personnel. 5. Do not disassemble the product for maintenance or replacement of accessories without authorization. For the repair service, please consult the official sales support. 6. Please purchase the accessories specified by the manufacturer. 7. Please clean the product with dry cloth. 8. Properly dispose of packaging materials, equipment, battery, and other electronic components to avoid damage to the environment. 9. Do not use the product at a high volume for a prolonged period of time to avoid hearing damage. 10. Do not use the product while walking, driving or riding to avoid traffic accidents. EU Conformity Statement This product complies with the applicable CE marking directives and standards: Electromagnetic Compatibility (EMC) Directive 2014/53/EU, Low Voltage Directive (LVD) 2014/35/EU, Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU and its amending Directive (EU) 2015/863. 2012/18/EU (WEEE directive) Products marked with this symbol cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return this product to your local supplier upon the purchase of equivalent new equipment, or dispose of it at designated collection points. For more information see: www.auditoryworks.info Battery Directive 2013/56/EC Battery in the product complies with the European Battery Directive 2013/56/EC. For proper recycling, return the battery to your supplier or to a designated collection point. Warning High sound Pressure. To avoid hearing damage, do not listen for long periods at high volume. Do not turn the volume up high that you are unable to hear your surroundings. Do not use the unit while walking, driving or cycling. Doing so may cause traffic accidents. Do not use at a dangerous place unless the surrounding sound can be heard. DECLARATION OF CONFORMITY Hereby, we declare that the product is compliance with Radio Equipment Directive (RED) 2014/53/EU. The full text of the EU declaration of conformity is available at the internet address as shown on the packing box. This product can be used in any EU member states. Bluetooth radio power: 1.0dBm FCC Statement This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio communications, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help. -Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
