

Quick Start Guide

Service Guarantee Description

Thank you for buying this product. You can enjoy one year of free spare parts and manual guarantee service provided by our company.

The company will be required to provide services due to the following conditions, and maintenance fees will be charged as appropriate:

- Improper operation was not carried out according to the product manual or instructions.
- Man-made damage, computer virus, dampness, improper software installation or self-disassembly, etc.
- Irresistible force such as fire, flood, wind and earthquake.
- Wear and tear caused by accessories, consumables and natural use.
- If we need to reinstall the software or adjust the computer Settings, a fee will be charged as appropriate.
- The company's warranty identification mark is damaged or dirty, resulting in unrecognizability.
- Do not block the front and rear vents, which may affect product performance and life.
- Do not use non-original adapters, which may affect product performance and life.
- Please backup your personal data and files before sending the product to repair it. The integrity of the data may be affected during the repair process.
- We guarantee the maintenance service, so that you buy peace of mind, use it at ease.

Product interface

Product specification sheet

CPU	Intel® Jasper Lake N5095/N5105
OS	Support Windows11、10/Linux
Memory	2* DDR4 SO-DIMM (32G Max)
M.2 SSD	1*M.2 2280 SSD (Support PCIE /SATA , Default SATA)
HDD	2.5" HDD (optional)
Display	HDMI x 1 / DP x 1 / TYPE-C x 1
Wireless	On Board 2.4GHz/5GHz Wifi Module
IO	USB3.0×4 Type-C×1
LAN	2 x RJ45 1000M LAN
TF Card	x 1 (optional)
Audio	1 x 2-Audio Connectors (Audio&Mic)
DC	12V/3A

Remark:

1. The low-power RF motor is a certified qualified product. Without permission, the company, businesses or individuals are not allowed to change the frequency, increase the power or change the characteristics and functions of the original design.
2. The use of low frequency RF motor shall not affect flight safety or interfere with legal communication;
If any interference is found, it should be stopped immediately and improved until there is no interference.
Legal communication refers to wireless communication in work as prescribed by law.
Low-frequency rf motors shall be able to withstand the interference of legal communication or industrial, scientific and medical radio-wave motor equipment.
3. The product contains miniature batteries used by CMOS on the host board. Please do not replace them by yourself;
If consumers replace the battery with the incorrect model by themselves, it may be dangerous. Please dispose of the replaced battery properly.

Part and interface definitions

4. Press the power button to start the system.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
