

Technical drawing of the bottom of the device. The drawing shows the internal layout with dimensions: a horizontal distance of 2.5 in from the left edge to the center of the circular feature, a vertical distance of 1 in from the bottom edge to the center of the circular feature, and a horizontal distance of 1 in from the left edge to the center of the circular feature. The circular feature has a diameter of .385 in. The drawing also shows the internal components, including the battery, the microcontroller, and the antenna. The text 'Fe' is visible on the left side of the drawing.
