FCC ID Label Location Information

A photograph of the back of a white Xunison D50 Home gateway device. The device is shown from a rear perspective, highlighting the bottom panel which has ventilation holes. A red arrow points to the location of the FCC ID label on this panel. A ruler is placed horizontally below the device to provide a sense of scale. The background is a solid blue color.

The label shown shall be permanently affixed at a conspicuous location on the device and be readily visible to the user at the time purchase (Labeling requirements per 2.925)
