Limited Modular Approval Letter

Date: 2026-03-06

FEDERAL COMMUNICATIONS COMMISSIONS

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

Dear Application Examiner,

We, AltoBeam Inc. is submitting this application for certification of product named as **ATBM6065 USB W-Fi and BLE module**, Model Numbers: **ATBM6065**, **ATBM6065-U2A** (FCC ID: **2BAVS-065U2A**). It is seeking limited modular approval. The radio meets the most of requirements for modular approval as detailed in FCC 15.212. Compliance to each of the requirements is described below:

1. **“The modular transmitter must have its own RF shielding.”**
No. The modular has no RF shielding, please refer to the EUT photo.
2. **“The modular transmitter must have buffered modulation/data inputs.”**
Yes, it is fulfilled. The EUT has buffered data inputs to insure compliance with Part 15 requirements under conditions of excessive data rates or over modulation. Please see the Schematics exhibit.
3. **“The modular transmitter must have its own power supply regulation.”**
Yes, it is fulfilled. The EUT has its own power supply regulation to insure compliance.
4. **“The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).”**
Yes, the modular employs a unique antenna coupler (RP-SMA) located on the PCBA, only the approved antenna can be used with the module, please refer to the EUT photo page 2 and user manual page 6.
5. **“The modular transmitter must be tested in a stand-alone configuration.”**
Yes, it is fulfilled. The EUT was tested in a stand-alone configuration.
6. **“The modular transmitter must be labeled with its own FCC ID number.”**
No, due to the small size of the module, there is not enough space to accommodate FCC ID: 2BAVS-065U2A in fonts that is four-point or larger. FCC ID will be placed in the user manual and package, please refer to the first page of the user manual and package exhibit.

7. **“The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.”**

Yes, it is fulfilled. The necessary explanation to be complied with this requirement is contained in the user manual, and please refer to the User manual.

8. **“The modular transmitter must comply with any applicable RF exposure requirements.”**

Yes, the module is intended to use in distance more than 20cm. FCC RF exposure requirement satisfied with 47CFR §2.1091.

Please contact me if you have additional questions. Your attention to this matter is greatly appreciated.

Sincerely Yours,
