

**Portable Bluetooth®
Retro Radio with Built-in
Rechargeable Battery**

TF-B1309C

USER MANUAL

Please read carefully before use and keep for future reference.

INTRODUCTION

This charming retro-style radio with timeless design can stream your favorite music wirelessly via Bluetooth® or tune in to classic AM/FM radio stations. With its convenient carrying handle and long-lasting battery, it's perfect for any room in your home or for taking on the go. The powerful sound and classic aesthetic make it both a practical speaker and a beautiful decorative piece.

For optimal performance, please take a moment to review this manual before using your new speaker.

IMPORTANT SAFETY INFORMATION

To ensure safe and lasting enjoyment of your speaker, please follow these guidelines:

1. **Protect from Moisture:** Avoid exposing the speaker to liquids, rain, or humid environments.
2. **Gentle Cleaning Only:** Use a soft, dry cloth to clean the speaker case. Avoid abrasive cleaners that could damage the finish.
3. **Handle with Care:** Refrain from dropping, disassembling, deforming, modifying, or inserting objects into the speaker.
4. **Professional Service Only:** Do not attempt to repair, modify, or disassemble the speaker yourself. There are no user-serviceable components inside, and tampering may void the warranty.
5. **Prevent Scratches:** Keep the speaker away from sharp objects to avoid scratches and potential damage.
6. **Built-in Battery:** The speaker has a built-in, non-replaceable battery.
7. **Turn it Off When Needed:** Follow all signage that requires turning off electronic devices in designated areas.
8. **Temperature Matters:** Avoid exposing the speaker to extreme hot or cold temperatures.
9. **Direct Sunlight Warning:** Keep the speaker out of direct sunlight.

Radio: AM: 520-1710kHz FM:87.5-108MHz

Power Output: 5W

Rechargesble Battery: 1200mAh 3.7V

Playtime: Up to 8hours

(*Playtime will vary depending on volume level and type of media/ content played)

FCC NOTICE

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 0cm between the radiator & your body. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to protect reasonably against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
