

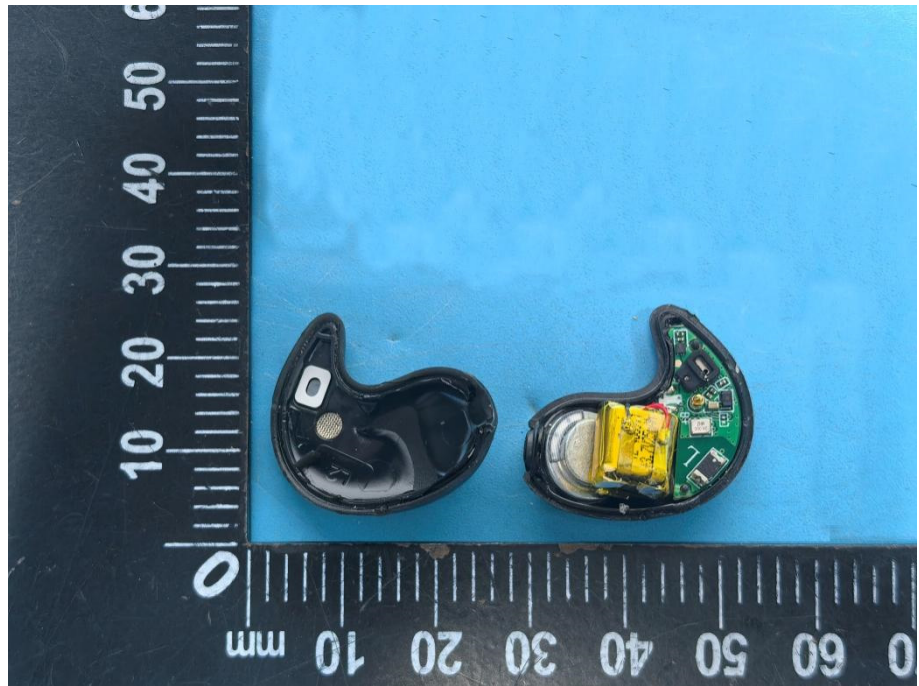

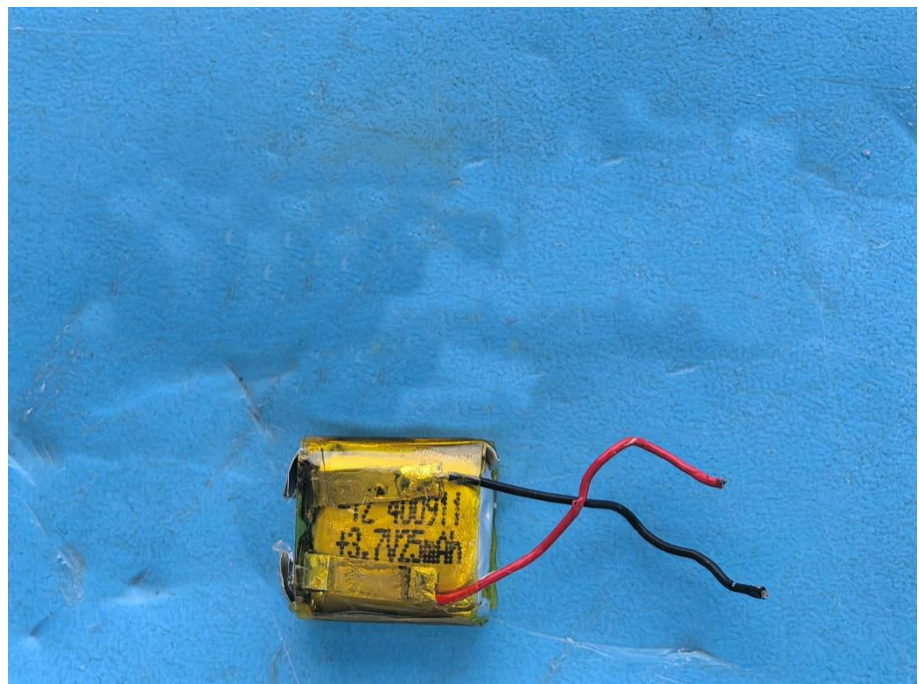

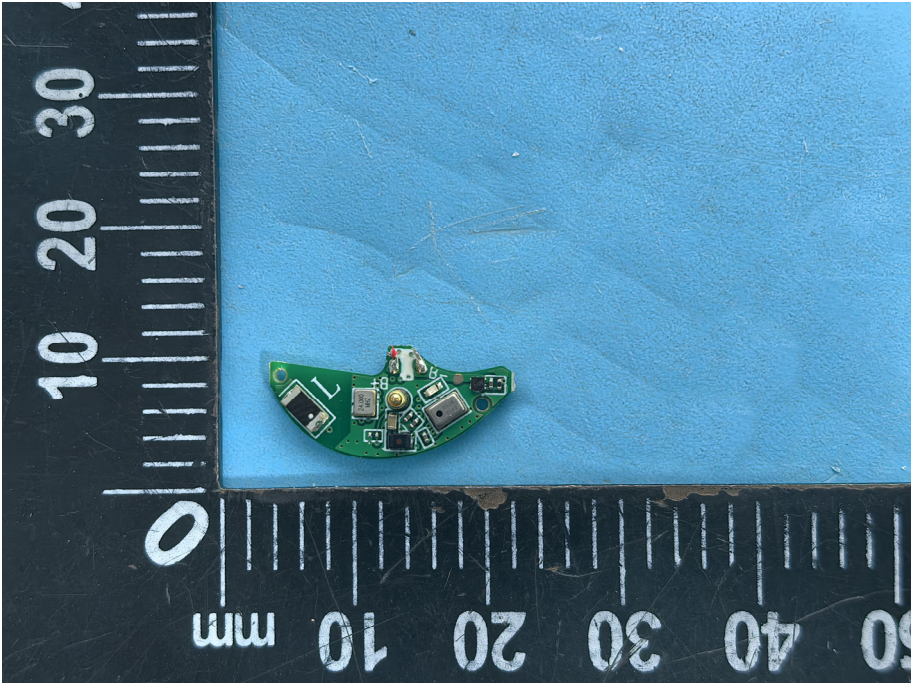

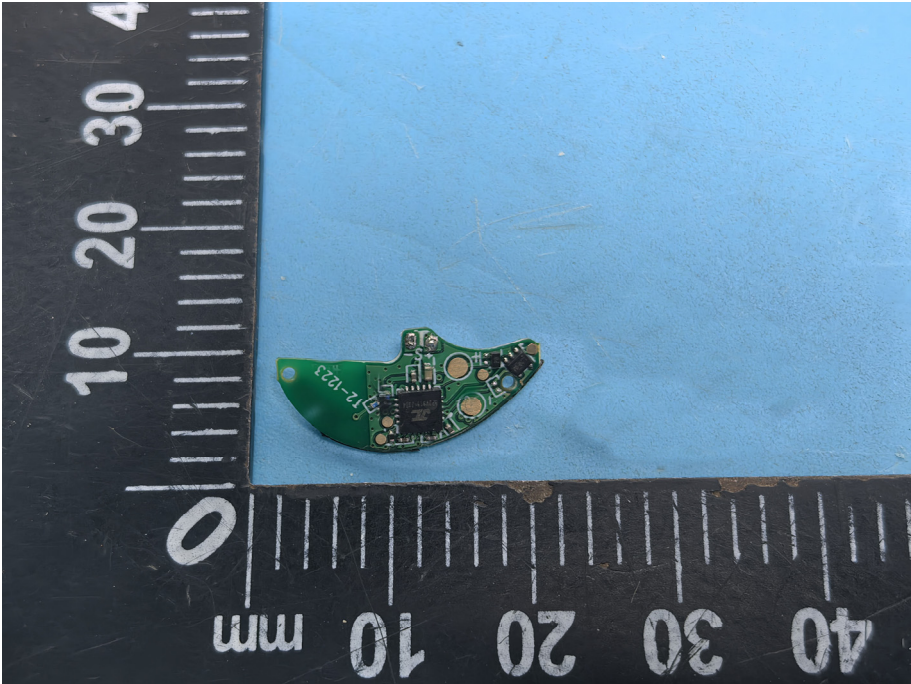

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small, green, semi-circular printed circuit board (PCB) component. The component is positioned on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length spanning approximately 10 to 15 mm. The component features several electronic components, including a central integrated circuit (IC) and various passive components like resistors and capacitors. The solder joints are visible on the component's surface.
Solder Board-Component View 3	 A photograph of the same green, semi-circular PCB component from a different angle. The component is placed on a blue surface next to a black ruler with white markings. The ruler indicates a length of about 10 to 15 mm. This view shows the underside of the component, revealing the solder joints and the arrangement of components on the reverse side. The text '12-1223' is visible on the component's surface.
