- Follow the instructions within the app to complete the setup.

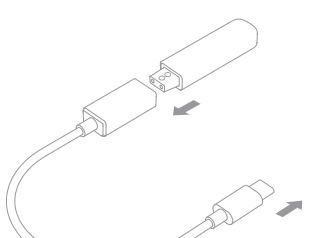

Product Specifications

Product Name: SHARGE Iomos AI Glasses
Model: SHARGE L1
Model Number: SHARGE L1
Color: Black
Material: PC/ABS
Weight: 120g
Dimensions: 150mm x 60mm x 40mm
Operating Temperature: 0°C to 40°C
Storage Temperature: -20°C to 60°C
Humidity: 10% to 90% RH
Power Consumption: 0.5W (typical), 1.5W (max)
Charging Time: 2 hours (typical), 3 hours (max)
Battery Life: 8 hours (typical), 12 hours (max)
Camera Resolution: 1080P, 30FPS
Microphone: 2x 10mm, Beamforming
Touch Control: Capacitive touch, 10 points
Connectivity: Bluetooth 5.2, Wi-Fi 6E, USB-C 3.2 Gen 1

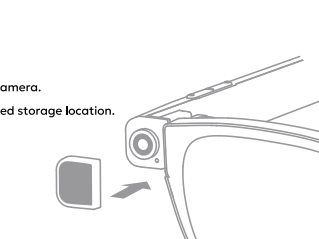

Charging the Battery

- Connect the Charging Cable.
- Plug the included USB-C charging cable into the charging port at the end of the battery.
- Connect the power adapter.
- Connect the other end of the cable to a standard power adapter and plug it into a power outlet.

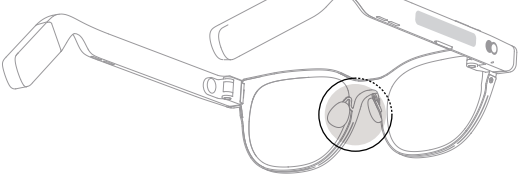

Camera Privacy Protection

- The front camera has a sliding cover (slide to completely block the camera lens).
- To cover the camera, slide the sliding cover (slide to completely block the camera lens).
- To uncover the camera, slide the sliding cover (slide to uncover the camera lens).

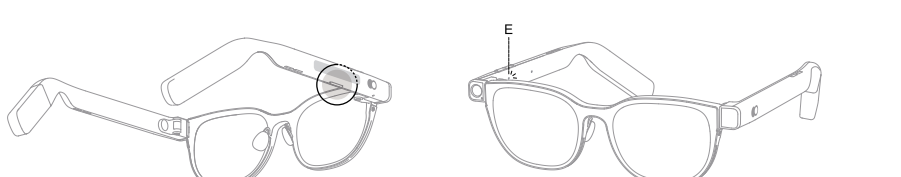

Notice for Nose-Pad Bracket Adjustment

The nose-pad bracket is designed to be adjusted to fit your nose. Please refer to the diagram for adjustment instructions.

Powering On & Off

*The power switch is located at the bottom of the temple arm. Slide the switch forward to power on the device. When the power is on, the status indicator light (red) will flash. Slide the switch backward to power off the device. When the power is off, the status indicator light (red) will not flash.

Battery Replacement & Maintenance

- Power off the glasses.
- Remove the current battery from the end of the temple arm.
- Slide the battery cover open and remove the battery.

*Note: Leaving the battery detached from the glasses for an extended period may reduce battery capacity. Please refer to the diagram for battery replacement instructions.

Bluetooth Pairing & Factory Reset

- Bluetooth Pairing: Press and hold the Battery (1) and Status (2) buttons simultaneously for 5 seconds, then release to enter Bluetooth pairing mode. The status indicator will show a breathing light, and the glasses will announce "Please enter Bluetooth pairing mode". After pairing is successful, the status indicator will stop breathing.
- Factory Reset: Press and hold the Battery (1) and Status (2) buttons simultaneously for 10 seconds, then release to enter reset confirmation mode. The status indicator will flash red, and the glasses will announce "Press and hold Battery (1) for 3 seconds to start factory reset". While the reset is in progress, press and hold the Battery (1) for 3 seconds to confirm the reset. During the reset process, the status indicator will flash white. After the device restarts, the glasses will announce "Factory reset successful".

AI Live Photo & Capture

- AI Live Photo: Press and hold the Battery (1) to capture the live photo in front of you along with video shots. Release the button after recording is complete.

- Photo/Video Capture: Press and hold the Battery (1) to capture the photo or video. Press and hold the Battery (1) for 3 seconds to start recording. Press and hold the Battery (1) for 3 seconds to stop recording.

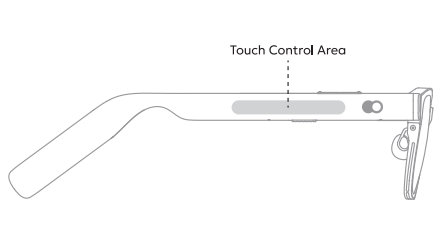

AI Assistant & Audio Recording

- Audio Recording: Press and hold the Battery (1) to start audio recording. Press and hold the Battery (1) for 3 seconds to stop recording.

- AI Assistant: Press and hold the Battery (1) to activate the AI assistant. During a conversation, press the Battery (1) to end the conversation.

Media Playback & Calls

Function	Action
Play / Pause / Resume	Single tap
Next Track	Double tap
Previous Track	Triple tap
Answer call	Single tap
