Safety Precautions

Please ensure sufficient battery level. In addition, the earbuds will automatically disconnect Wireless for 10mins. Place the earbuds back to the charging case and they will restart after recollecting.

Why do the earbuds turn off automatically?

Why cannot I recharge the charging case?

1. Please ensure the charging cable or mobile phone charger is in a good state and with proper connection.

2. To ensure proper connection, press the earbuds to fully connect to the charging points of the charging case.

3. The earbud charging points might be stained with dust or sweat. When place them into the charging case for recharging, please clean with alcohol or cloth.

4. Please wipe the sweat from the earbuds before putting into the charging case.

5. Once the prompt tone "Low battery" appears, please recharge the earbuds. When the number displayed by the LED lights on the charging case reaches to "10", please recharge the charging case. Please pay attention to not using up the battery of the earbuds and charging case, as it may shorten the service life of the built-in lithium battery.

Why is there no sound from the earbud, or the music is disconnected?

1. Please ensure the charging cable or mobile phone charger is in a good state and with proper connection.

2. To ensure proper connection, "Press the earbuds to fully connect to the charging point of the charging case"

3. The earbud charging points might be stained with dust or sweat. When place them into the charging case for recharging, please clean with alcohol or cloth.

4. Please wipe the sweat from the earbuds before putting into the charging case.

5. Once the prompt tone "Low battery" appears, please recharge the earbuds. When the number displayed by the LED lights on the charging case reaches to "10", please recharge the charging case. Please pay attention to not using up the battery of the earbuds and charging case, as it may shorten the service life of the built-in lithium battery.

Why I cannot detect Wireless ? Why Wireless pairing failed?

1. The wireless range is 10m; please ensure no obstacles and place the mobile phone close to the earbuds.

2. If the earbuds are connected to other mobile phone or devices, please disconnect first.

3. Please reboot the Wireless device and reset the earbuds.

Why is there no sound from the earbud, or the music is disconnected?

1. Please ensure the charging cable or mobile phone charger is in a good state and with proper connection.

2. To ensure proper connection, "Press the earbuds to fully connect to the charging point of the charging case"

ON/OFF switch

Federal Communications Commission (FCC) Statement.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Electronic World LLC. may void the FCC authorization to operate this device. Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user ' s authority to operate the equipment.

RF exposure statement:

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
