- *充电头请使用输出电流5V1A直流充电头, 不要使用快充充电器, 务必使用规定要求的充电器和电线。

Instructions:

LONG PRESS THE RED KEY AT THE BOTTOM OF THE LAMP FOR 3 SECONDS TO TURN ON THE POWER, TOUCH THE TOP OF THE LAMP FOR 3 SECONDS TO TURN ON THE LIGHT. USE YOUR PHONE'S BLUETOOTH TO SEARCH FOR XH 016 TO CONNECT DIRECTLY TO THE BLUETOOTH SPEAKER WITHOUT A PASSWORD, AND PLAY THE AUDIO ONCE CONNECTED.

Charging batteries:

*Please connect the Type-C line to the charging port of the light base, and connect the 5V charging head on the other end (If the charging indicator is not lit, please change the charger.)
The red light is on and indicates that it is charging. Green means full charging.

Precautions:

- *This lamp is installed with charging lithium batteries. The battery cannot be exposed to high temperature environments. Do not use it when charging.
- *Do not modify the lamp or be squeezed by heavy objects. Any change will cause hidden security, and the manufacturer does not assume responsibility for any modified products.
- *Please read the product use and maintenance instructions carefully. According to maintenance instructions to ensure the safety of the product, and properly keep the instruction manual.
- *Please use the output current 5V1A DC charging head. Do not use the fast charger. Be sure to use the required charger and wire.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
