

Label declaration

Product description: Bluetooth earphones

Model name: Q13

FCC ID: 2BBFL-Q13

The measurement of remote control: Length (30mm) Width(22mm)High(25mm).The Bluetooth earphones are too small and irregularly shaped to print labels, so the labels are included in the instruction manual and on the outer packaging.

11. Voice Assistant Activation

Triple-click the multi-function button on the right earbud to activate Apple Siri or Google Assistant for voice-controlled operations on your mobile phone.

12. Low Battery Reminder

When the battery power of the Bluetooth earbuds is low, a low-battery alert tone will play repeatedly until the earbuds power off due to insufficient battery.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. This equipment complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or conjunction with any other antenna or transmitter
