Hefei Invispower Co.,Ltd

Note:

- 1 Their circuit design, layout and internal wiring are identical. The main chip, RF transceiver, antenna design and mode are the same.
- 2 Model STHXA-3725200 and STHXB-3725200 just with different model name.
- 3 Model MCH-3725200, UXEA-3725200 and EREA-3725200 just with different model name.
- 4 Model UXEA-3725200A and UXEA-3725200 just with different snap location(one on the left side and one on the right side).
- 5 Model SGH-3725200 and PAH-3725200 just with different model name.
- 6 Model MRHD-3725400A and MRHD-3725400B just with different model name.
- 7 Model MREA-3725200 and MREB-3725200 just with minor differences in shape of mounting holes.
