操作说明

手动开/关机

长按发射器的**电源按钮**3秒。

开启降噪模式

单击发射器的**降噪按钮**，此时指示灯为绿色。

开启混响模式

在普通模式下，单击发射器的**电源按钮**，此时指示灯为黄色。

开启静音模式

双击发射器的**电源按钮**，此时指示灯为红色。

返回普通模式

在其他模式下，单击发射器的**电源按钮**，此时指示灯为白色。

常见问题

1. 为什么连接手机后无法正常录音？

• 请检查发射器和接收器的指示灯是否显示正常。

• 请检查发射器电量是否充足，若低电量，请及时充电。

• 部分品牌手机如VIVO/OPPO/Realme需要在设置中打开OTG连接功能，路径参考如下：
(注：下方为常规路径，请联系品牌手机厂商来获取更精确的OTG设置帮助。)

步骤1

打开手机 的设置选项。

步骤2

进入 其他设置，或在搜索栏搜索 OTG。

步骤3

启用 OTG 连接。

常见问题

2. 麦克风无法为设备自带的相机App录音？

• 部分品牌手机的系统出于严苛的限制，阻止了麦克风获取音频权限，并非麦克风的质量原因。若出现这种情况，请和品牌手机厂家联系。

• 本产品兼容市面上绝大多数App，请尝试使用其他App替代。

3. 什么是耳返监听？ 本产品支持吗？

耳返监听是指通过耳机将麦克风录制的声音实时播放，以达到监听录音效果的目的。

本产品支持耳返监听，操作流程如下：
在设备正常工作状态下，将Type C耳机接入发射器的充电口，即可监听到发声源的录音状态。
(注：Type C耳机不标配，请自行购买。)

4. 在进行录音时，如何降低外界的噪音？

• 启用发射器的降噪模式。

• 请合理调整发射器与发声源的距离，避免破音。

• 若购买了配有防风帽的型号，请把防风帽安装在发射器上。

5. 录音时连接的手机低电量该怎么办？

请将充电线连接到接收器的充电口，即可为手机充电。

Indicator Description

Transmitter

Indicator Status	Description
Blinks red and white alternately	Transmitter and receiver are not paired.
Solid white	Transmitter and receiver paired successfully.
Blinks red	Low battery.
Solid red (when charging)	Charging.
Red lights off (when charging)	Fully charged.
Solid red	Mute.
Solid orange	Reverb mode is on.
Solid green	Noise-cancelling mode is on.

Receiver

Indicator Status	Description
Blinks red and white alternately	Transmitter and receiver are not paired.
Solid white	Transmitter and receiver paired successfully.

Indicator Description

Charging Case

Indicator Status	Description
Digital	Power percentage of the charging case.
Column blinking	Transmitter charging.

*Charging case is optional, please refer to the specific model.

Operating Instructions

Power on/off the transmitter

Press and hold the transmitter's **power button** for 3 seconds.

Turn on noise-cancelling mode

Click the transmitter's **noise-cancelling button**, the indicator turns green.

Turn on reverb mode

Under normal mode, click the transmitter's **power button**, the indicator turns yellow.

Turn on the mute mode

Double-click the transmitter's **power button**, the indicator turns red.

Return to normal mode

In other modes, click the transmitter's **power button**, the indicator turns white.

Package Contents

(1) Transmitter (2) Receiver
(3) Charging Cable (4) User Manual

*Note: The charging case and windscreen are optional, please refer to the specific model.

Warning

- Do not disassemble, crash, squeeze or expose it to fire.
- Stop using when the product is swollen.
- Do not expose the product to excessive temperature.
- Stop using when the product is submerged.
- The product contains small accessories which may cause accidental ingestion and choking hazard, please keep it away from children.

FAQs

1. Why microphone can not record after connecting to smartphone?

- Check the indicators status of transmitter and receiver.
- Charge the transmitter if it is low power.
- Some smartphone brands such as VIVO/OPPO/Realme need to enable OTG connection in the settings, the usual path reference is as follows.
(Note: Please contact the smartphone manufacturer to get support on OTG setting when having trouble finding the path.)

Step 1
Enter **Settings** the phone.

Step 2
Enter **Other Settings** or search for **OTG** in the search bar.

Step 3
Enable **OTG Connection**.

2. Why microphone can not record for the phone's own camera app?

- The system of some smartphones prevents the microphone from getting audio permissions due to severe restrictions. If this happens, please contact the smartphone manufacturer.
- Try other apps instead. This product is compatible with most apps.

3. What is in-ear monitoring? Does this product support it?

In-ear monitoring allows you to hear the sound recording by the microphone through earphones.

This product supports in-ear monitoring, the operation is as follows. When the microphone is working normally, put the Type C headphones into the transmitter's charging port. Then you are able to hear the sound recording by the microphone.

*Note: The product does not include Type C headphones.

FAQs

4. How to reduce noise while recording?

- Enable Noise-cancelling mode of the transmitter.
- Please adjust the distance between the transmitter and the sound source properly.
- If you have purchased a model equipped with a windscreen, please install the windscreen on the transmitter.

5. What should I do if the smartphone's battery is low when recording?

Charge the smartphone by connecting the charging cable to receiver's charging port.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
