Special notes:

1. Our company can only receive the order mass production after receiving the original "Customer acknowledgement letter" signed by the customer and attached the physical sample.
2. After the customer receives the sample, please test and confirm in detail and sign back, so as to facilitate our company to arrange the follow-up work of the project. If no reply is made within 5 days, we will assume that the customer has passed the test and the project will end normally.
3. After the customer passes the test, please stamp and sign in the "Customer confirmation column" to confirm, otherwise, please put forward the error message in writing.
4. For matters not mentioned in the report, the sample (sample signed back by the customer or sample provided by the customer) shall prevail.
