

Model Difference Declaration

Applicant's complete, legal business name: Deer Management Systems LLC

Applicant's mailing address: 1668 Jordan West Road Decorah, IA 52101, USA

FCC ID: < 2BBNQ-RVP4CD >

IC Number: < 32065-RVP4CD >

Model: Reveal Pro 4.0 & RVP4CD

We, Deer Management Systems LLC hereby declare that product series of Reveal Pro 4.0 & RVP4CD, the RF Block, shape, antenna, power circuit are all the same. The only difference is the camera control chip. The Reveal Pro 4.0 is a single-chip that controls the camera, its DDR is built into the chip, while the Model: RVP4CD has an DDR flash (Model : QN3R128M16S-18B , Brand : ICQCHIP) outside the CPU, which have been tested by Eurofins TA. The differences of them are as follows:

Model No.	Configuration
Reveal Pro 4.0	Built-in DDR
RVP4CD	Place the DDR (Model: QN3R128M16S-18B) outside the CPU

RF performance is consistent across all models.

Sincerely,

Eric Boerendonk
Director Telco Application Engineering
