

CORDLESS POWER MOP™

Supplemental User Guide

IMPORTANT BATTERY SAFETY INSTRUCTIONS

WARNING: When using electric devices, basic safety precautions should always be followed to reduce the risk of fire, electric shock and personal injury, including the following:

WARNING:

1. This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. YRD#: HI2126 This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

Please note that changes or modifications of this product is not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

2. Rechargeable Lithium Ion batteries are potentially hazardous and can present a serious FIRE HAZARD if damaged, defective or improperly used. Failure to read, and follow Li-ion safety instructions and warnings may result in personal injury, fire, and property damages if the battery is charged and/or used improperly. DO NOT SHORT CIRCUIT. Short circuits may cause fire, and injury!
3. If liquid leaks from the battery cell, discontinue use immediately and dispose of properly.
4. Do not charge battery in rain or in wet location.
5. Use only the included battery.
6. Battery Type is: Li-ion Battery 11.1v 2000mAh..
7. Do not attempt to disassemble, remodel or destroy the battery, as it may cause battery leakage, fire, or bursting, and could also create sulfuric acid spills from the battery resulting in possible burns to person and damage to the immediate environment.
8. Charge battery using the specified charger and under the charging conditions as specified. Charging the battery under any other conditions may cause the battery to overheat, emit hydrogen gas, leak, ignite or burst.
9. When charging the battery always do so in a well ventilated area and where you can observe the charging process.
10. Never dispose of batteries in the garbage. Disposal of batteries in the garbage is unlawful
