

Product Manual

Name: Wireless Microphone TX

Model: S70-TX HVIN: S70TX

1. Charging Contacts: The charging case can charge the transmitter through these contacts.
2. Transmitter (TX): Equipped with a built-in omnidirectional microphone.
3. Titanium Clip: Allows the microphone to be clipped and worn on clothing.
4. LED Operation Indicator Light (TX): Fast blue light flashing: Pairing in progress; Slow blue light flashing: Reconnection in progress; Steady blue light: Connection successful; Steady green light: Noise cancellation enabled (during operation); Steady green light: Fully charged (during charging); Steady red light: Mute mode (during operation); Slow red light flashing: Charging in progress; Fast red light flashing: Low battery.
5. TX Multi-Function Button (MTB)
 Press and hold for 3 seconds to power on/off; the blue light flashes slowly during this process. When powered off, press and hold for 6 seconds to enter pairing mode; the blue light flashes quickly at this time.
 Short press to enable/disable noise cancellation mode; the green light turns on/off accordingly.
 Double press to enable/disable mute mode; the red light turns on/off accordingly.

EN

User Notice:

When you plug the RX into your phone and the indicator light does not come on, you need to manually enable OTG in the phone settings to use this product. For Android phones, please search for OTG in the settings. If you still have questions, please consult the brand mobile phone manufacturer or contact SmallRig customer service.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- To assure continued compliance, any changes or modifications not expressly approved by the party.

Responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

This equipment complies with Part 15 of the FCC Rules. Operation is subject to

the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux CNR exempts de licence d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes :

- (1) Cet appareil ne doit pas causer d'interférences.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement doit être installé et utilisé avec une distance minimale de 0cm entre le radiateur et votre corps.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

Thank you for choosing SmallRig products.

Important Reminder

1. Please read this manual carefully before using this product.
2. Please pay attention to all warning prompts and follow all instructions in the user manual.
3. The battery's state of charge (SoC) is $\leq 30\%$ of the rated design capacity at the time of leaving the factory.
4. Built-in non-removable lithium battery, unauthorized disassembly is strictly prohibited; external lithium battery, no disassembly is allowed.
5. After prolonged storage without use, it is recommended to charge and discharge the battery once every 6 months for maintenance to restore about 60% of the charged capacity, thus extending the battery's lifespan.
6. Please do not throw away the product wilfully as its battery contains a few harmful substances. Please recycle the damaged or unused products in accordance with the waste management measures.
7. Children should use it under adult guidance.
8. Bitte halten Sie die neuen und alten Batterien von Kindern fern.
9. In der Batterie befinden sich einige Schadstoffe, bitte werfen Sie sie nicht willkürlich weg, sondern recyceln Sie die beschädigten oder nicht mehr verwendeten Produkte gemäß den Vorschriften der Abfallwirtschaft.

Please refrain from disassembling the product or the battery. If there's any problem with the product, please contact the purchase platform for after-sales assistance.

EN Connect to a mobile phone

- 1 Take out the phone receiver and connect it to the charging port of the mobile phone (or tablet).

- 2 The transmitter will turn on automatically when taken out, and the blue light will flash slowly at this time, indicating the reconnection status. Please wait 3-5 seconds for automatic reconnection.

- 3 After successful reconnection, the blue lights on both the transmitter and the receiver will stay on steadily. At this point, you can start audio recording via the transmitter.

- 4 Connect a charging cable to the receiver, which allows you to charge your mobile phone while using it (enabling simultaneous charging and usage).

EN Wearing Method

Correct Wearing Method:
The sound pickup hole should face outward.

Incorrect Wearing Method:
The LOGO should face outward.

Installation of the Windscreen Muff:
Simply slide the silicone sleeve of the windscreen muff over the microphone head.

During use, the titanium wire must not be stretched open to an angle greater than 40 degrees, as this may cause irreversible damage to the product.

Wireless Frequency	2.4GHz
Frequency Response Range	20Hz ~ 20kHz
Sample Rate / Bit Depth	48kHz / 24 bit
One-Click DSP Noise Reduction	Supported / Three-Level Settings in the APP
Use While Charging	Supported

Charging Temperature	0-45°C / 32-113°F
Operating Temperature	-10-45°C / 14-113°F

Service & Warranty

Please keep your original receipt and guarantee card. Be sure the dealer has written on it the date of purchase and SN of the product. These are required for warranty service.

After-sale Warranty Terms

SmallRig products are entitled to warranty services as of the date of payment.

- Electronic products (except V mount battery): 1-year warranty.
- V mount battery: 2-year warranty.
- Non-electronic products: 2-year warranty.

Note: In case of any conflict between our warranty period policy and applicable laws and regulations of the country / region where the products are sold, the latter shall prevail.

This Warranty Does Not Cover

1. If users fail to adhere to the "Operating Instruction" or any "Warnings" stated in the user manual, resulting in a quality failure, it falls outside the scope of warranty coverage.
2. The product identification or SN label is removed or defaced in any way.
3. Product damage caused by problems not attributable to the quality of the products such as improper use of the products.
4. Product damage caused by unauthorized modification, disassembly, repair and other acts.
5. Product damage caused by fires, floods, lightning and other force majeure factors.

Warranty Mode

- For the products within the scope of warranty, SmallRig will repair or replace them on the basis of specific failures; the repaired / replaced products / parts are entitled to the remaining part of the original warranty period.

Contact Information

- You're advised to contact the online customer service personnel of corresponding shopping platform and submit a repair service application.
- You may also apply for repair service through SmallRig's service email.
