✓ Conveniently anytime, anywhere with smart IoT functions

- Control all Aroma Air functions with the app
- Automatic driving according to lifestyle patterns by creating scenarios

✓ MADE IN KOREA

Crafted in Korea by the finest local designers, a genuine 'Made in Korea' product.

Components

Main Unit

USB Charging Cable
<1M, 35Cm>

3 stick storage zipper bags

User Manual

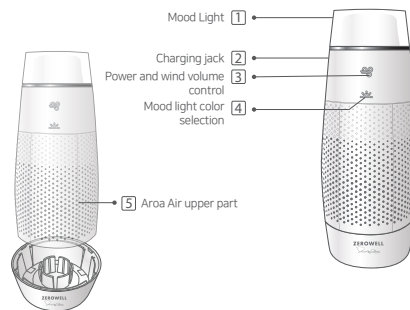

- The cable is located under the product, in the box.
- Product components may vary.

Use in car

1. When the car engine is turned off, the power supply is cut off and the Aroma Air stops working. When you turn the engine on again, it will automatically operate in the previously set mode.
2. In some cars with small cup holders, you can use Aroma Air stably by using the dedicated Zero Well cup holder.

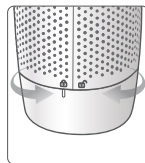

Product Components and Functions

- 1 **Mood Light** Use as a mood light or sleep light
- 2 **Charging jack** Supply power by connecting the USB_C type charging cable on the back of the product
- 3 **Power and wind volume control** Touch to turn on low noise mode, touch to adjust wind speed (1, 2, 3, turbo, OFF)
- 4 **Mood light color selection** Select color by touch (white, red, orange, yellow, green, blue, indigo, purple, OFF)

Main body top and tray method

Combine the main body and tray according to the shape of the lock.

* If Aroma Air is not used for a long period of time, replace the oil cap and replace it to prevent oil overflow. Remove the scent stick from the oil bottle and store it in a stick storage zipper bag.

How to Use IoT Features

How to install and pair the Zerowell app

Search for 'Zerowell' on your smartphone's Google Play Store or Apple App Store, and then proceed with the installation.

※ When initially connecting to Wi-Fi, be sure to connect to the 2.4GHz band.
※ Be sure to connect the power when pairing!

- 1 In the Zerowell app, click <Add Device>.
- 2 If Aroma Air appears while searching for devices, click Add.
- 3 Enter the Wi-Fi information and click Done.

<How to use IoT>

exterior cleaning

- 1 Use a vacuum cleaner or an air blower to eliminate dust from the air intake and exhaust openings.
- 2 Gently wipe the product's exterior with a soft cloth.

Precautions

- Do not use alkaline detergents to clean the product.
- Avoid cleaning the product's surface or applying stickers using sulfuric acid, hydrochloric acid, or organic solvents (such as thinner, kerosene, acetone, etc.).
- Water entering the product's interior may cause malfunctions.

Safety Precautions

For your safety and the proper use of the product, please read the following safety precautions in full before using the product to prevent any unexpected risks or damage.

Safety Precautions for Installation

- Placing the product in a vibrating or uneven location may increase noise or cause the product to shake.
- Avoid installing the product on uneven or sloping surfaces to prevent potential damage.
- When using the product in a vehicle, ensure it is securely fastened in a cup holder of an appropriate size to prevent it from falling and causing damage.
- Do not place the product in areas with flammable gas leaks, industrial oils, or high levels of metallic dust, as it may result in product malfunctions and fire hazards.
- Keep the product away from high-temperature environments, direct sunlight near car windows, blankets, electric heating pads, stoves, or carpets for extended periods to prevent deformation, malfunctions, or battery explosions.
- Avoid placing the product in high-temperature and humid environments, such as saunas, under blankets, near swimming pools, in bathrooms, or places with high humidity, as this can lead to deformations, malfunctions, or battery explosions.

Product Usage Safety Precautions

- Do not insert fingers, metal objects, or flammable materials into the product's intake, exhaust, or sensor vents to prevent malfunctions and damage.
- Avoid placing containers such as vases, pots, cups, cosmetics, medications, or liquids on top of the product to reduce the risk of fire, electric shock, or objects falling.
- The appliance is not to be used by persons (including) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction from a person with sufficient knowledge and experience.
- Children being supervised not to play with the appliance
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved

Safety Precautions

4

- Do not disassemble, damage, or use the product in a damaged state. It may cause injury, fire, or electric shock.
- Refrain from operating the product during severe thunderstorms or lightning storms, and disconnect the power cord and charger to prevent injuries and fires.
- Avoid using the product while driving, walking, or in motion, as it may result in injuries or safety incidents.
- Do not use or charge the product when it is wet.
- Ensure that foreign materials do not enter the charging port to prevent product malfunctions and fires.
- Cleaning and user maintenance shall not be made by children without supervision.
- Do not attempt to disassemble, repair, or modify the product yourself. Leave such tasks to Zerowell's service center to prevent electric shock, injuries, or fires.
- If the product is submerged, stop using it and contact Zerowell's service center, as this may lead to product malfunctions and electric shock.
- Avoid using or storing the product near flammable materials, combustibles, or ignition sources, as it may result in explosions or fires.
- If the product emits unusual sounds, odors, or smoke, discontinue use immediately and contact Zerowell's service center, as it may lead to fires.
- Ensure that the charging cable is not crushed by heavy objects or excessively bent to avoid electric shock or fires. Also, prevent pets and animals from damaging it.
- Do not insert foreign materials into the product when the cover is open, as it may result in product malfunctions and damage.
- If the product will not be used for an extended period, disconnect the charging cable from the product to avoid electric shock or fires.
- They shall state that prior to cleaning or other maintenance, the appliance must be disconnected from the supply mains.
- Be cautious to prevent the product from being stepped on or knocked over, as it may lead to product malfunctions, injuries, fires, and electric shock.
- Do not use the product for purposes other than its intended purpose. It may cause product failure, injury, fire, or electric shock.
- Prevent any foreign substances, such as water, coffee, or soda, from entering the product to avoid the risk of fire, electric shock, or product malfunctions.

Precaution

- Dispose of the packaging material (plastic) in a manner that prevents children from handling it, as it could present a choking hazard.

Product Details

Product name and model name	Aroma Air(ZWA-A410W)
Color	White
Product Size (WxDxH)	74 x 74 x 190(mm)
Weight	201g
Rated Voltage	USB Type-C DC 5V 0.5A
Conformity registration certificate	R-R-ZRW-ZWA-A410W
Power Consumption	2.5W
Energy Efficiency Rating	Not Applicable
Fan Speed	Low/Noise-Level 1~Level 2~Level 3~Turbo~OFF
Smart Device Connectivity	Dual Mode: Wi-Fi / Bluetooth
Manufacturer	Zerowell Inc.
Country of Manufacture	South Korea
Quality Assurance Standards	In case of consumer damages due to defects or faults, compensation can be sought in accordance with the Consumer Dispute Resolution Standards (Article 16 of the Consumer Basic Act).

Instructions for use and safety precautions
 To protect the safety of users,
 This is to prevent property damage, etc.
 Please be sure to read and use it correctly.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment to an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help.

[47 CFR 15.21] Pursuant to Section 15.21 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device meets the FCC Radio Frequency Emission Guidelines. Information on the product is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at <https://www.fcc.gov/oet/ea/fccid>.

Product : Aroma Air

Model : ZWA-A410W

Input : DC 5.0V

FCC ID : 2BC63-ZWA-A410W

included contains FCC ID : 2ANDL-WBR3

Frequency : 2 402 ~ 2 480 MHz (BLE) / 2 412 ~ 2 462 MHz (WLAN 2G)
