

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two cylindrical electronic units, one yellow and one brown, and a white USB cable. They are placed on a blue surface next to a black ruler with white markings. The ruler has two scales: one in centimeters (0 to 100) and one in millimeters (0 to 100). The yellow unit is on the left, the brown unit is in the middle, and the cable is on the right. The units have a lens and a small circular feature on their front face.
EUT View 2	 A photograph showing a single yellow cylindrical electronic unit and a white USB cable. They are placed on a blue surface next to a black ruler with white markings. The ruler has two scales: one in centimeters (0 to 100) and one in millimeters (0 to 100). The yellow unit is on the left, and the cable is on the right. The unit has a lens and a small circular feature on its front face.

EUT View 3	 A photograph of a yellow cylindrical electronic unit (EUT) from a front-facing perspective. The unit has a black lens in the center and a smaller circular feature below it. It is placed on a blue surface next to a black ruler with white markings. The ruler shows the unit is approximately 40 mm high.
EUT View 4	 A photograph of the same yellow cylindrical electronic unit from a side profile view. It is placed on a blue surface next to a black ruler with white markings. The ruler shows the unit is approximately 40 mm wide.

EUT View 5	 A photograph of a yellow cylindrical component, identified as EUT View 5. The component is positioned vertically next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has a small rectangular feature near the bottom. The background is blue.
EUT View 6	 A photograph of the same yellow cylindrical component, identified as EUT View 6. This view shows a vertical seam or joint down the center of the cylinder. It is positioned next to the same black ruler with white markings. The background is blue.

EUT View 7	 A photograph showing a yellow, circular object with a horizontal score line across its center. The object is placed on a blue background next to a metal ruler. The ruler has markings in millimeters and centimeters, with a 100mm scale visible. The object's diameter is approximately 40mm.
EUT View 8	 A photograph showing a yellow, circular object with a latch mechanism and two circular indentations. The object is placed on a blue background next to a metal ruler. The ruler has markings in centimeters, with a 10cm scale visible. The object's diameter is approximately 4cm.

EUT View 9
