FCC ID: 2BC96NI-7301

Model(s): NI-7301, NI-7300, NI-7302, NI-7303, NI-7304, NI-7305, NI-7306, NI-7307, NI-7308, NI-7309

All the same except the model number and packaging (with or without bracket accessories and with or without AI functionality). For details please see the below:

NI-7300&NI-7301&NI-7305: without bracket accessories and without AI functionality

NI-7302&NI-7306&NI-7309: without bracket accessories and with AI functionality

NI-7303&NI-7307: with bracket accessories and without AI functionality

NI-7304&NI-7308: with bracket accessories fee and with AI functionality

The AI version has detailed classifications of birds,

With the AI version:

After capturing a dynamic image (Moment), the system will automatically activate the AI recognition function;

It can automatically identify and classify over 6,000+ bird species, including hummingbirds as well;

In the Moment list, you can filter by bird species for easier search of specific birds.

Without the AI version:

It also supports shooting dynamic scenes (Moments) and enables saving and playback;

It lacks the ability to identify birds, and the captured content cannot display the name of the bird species;

It cannot trigger notifications, filtering, and other functions based on bird species.
