\*Please note that the microSD card slot on the camera is intended only for manufacturer testing during production. This product does not support microSD card storage.

\*Por favor, ten en cuenta que la ranura para tarjeta microSD en la cámara está destinada únicamente para pruebas de fabricante durante la producción. Este producto no admite almacenamiento en tarjetas microSD.

\*Veuillez noter que le slot de carte microSD sur l'appareil photo est réservé uniquement aux tests du fabricant pendant la production. Ce produit ne prend pas en charge le stockage sur carte microSD.

# Charging

## Fully charge the camera before use

The camera does not come fully charged due to safety regulations. Before using it for the first time, please charge it for 14 hours with the charging cable inside the box (DC5V / 1.5A).

## Cargue completamente la cámara antes de usarla

La cámara no viene completamente cargada debido a regulaciones de seguridad. Antes de usarla por primera vez, por favor cárguela durante 14 horas con el cable de carga que se encuentra en la caja (DC5V / 1.5A).

## Chargez complètement la caméra avant utilisation

La caméra n'est pas complètement chargée en raison des réglementations de sécurité. Avant de l'utiliser pour la première fois, veuillez la charger pendant 14 heures avec le câble de chargement fourni dans la boîte (DC5V / 1.5A).

When charging, both the ambient temperature and camera temperature should be above 32°F (0°C).

If the camera has been exposed to low temperatures for an extended period, it should be brought back to room temperature before charging.

Durante la carga, tanto la temperatura ambiente como la temperatura de la cámara deben estar por encima de los 32°F (0°C). Si la cámara ha estado expuesta a bajas temperaturas durante un período prolongado, debe ser llevada a temperatura ambiente antes de cargarla.

Lors de la charge, la température ambiante ainsi que la température de la caméra doivent être supérieures à 32°F (0°C). Si la caméra a été exposée à de basses températures pendant une période prolongée, elle doit être ramenée à température ambiante avant d'être chargée.

## Identification des oiseaux

- Si vous avez le Birdfy Feeder Bamboo Mini avec l'IA gratuite à vie, la fonction d'identification des oiseaux par IA est incluse et activée automatiquement, aucune action supplémentaire n'est nécessaire.
- Si vous possédez le Birdfy Feeder Bamboo Mini avec l'IA par abonnement, vous devez vous abonner sur **my.birdfy.com** pour accéder à cette fonctionnalité.

# Assembly

Install the extension perch with provided screws.

Instala el posadero de extensión con los tornillos proporcionados.

Installez le perchoir d'extension avec les vis fournies.

Check the **solar panel instruction manual** for installation details.

Connect the camera to the solar panel, then put it into the camera compartment.

Conecta la cámara al panel solar y luego colócala en el compartimento de la cámara.

Connectez la caméra au panneau solaire, puis placez-la dans le compartiment de la caméra.

# Outdoor Installation

## A. Pole-mounted

1. Loosen the hose clip.
1. Afloje la abrazadera de la manguera.
1. Desserrer le collier de serrage pour tuyau.
  
2. Wrap the hose clip around the bracket.
2. Envuelva la abrazadera de la manguera alrededor del soporte.
2. Enrouler le collier de serrage autour du support.
  
3. Attach the bracket to the pole.
3. Coloque el soporte en el poste.
3. Fixer le support sur le poteau.
  
4. Hang the feeder on the pole.
4. Cuelgue el comedero en el poste.
4. Accrocher le distributeur sur le poteau.

# B. Tree-mounted

1. Slide the strap through the bracket slots.
1. Deslice la correa a través de las ranuras del soporte.
1. Faites glisser la sangle à travers les fentes du support.
2. Wrap the strap around the tree.
2. Envuelva la correa alrededor del árbol.
2. Enroulez la sangle autour de l'arbre.
3. Hang the feeder on the tree.
3. Cuelgue el comedero en el árbol.
3. Accrochez le distributeur sur l'arbre.

# C. Wall-mounted

1

1. Use the drill template and an electric drill (15/64", 6mm) to drill four holes.

1. Utiliza la plantilla de perforación y un taladro eléctrico (15/64", 6mm) para perforar cuatro agujeros.

1. Utilisez le gabarit de perçage et une perceuse électrique (15/64", 6 mm) pour percer quatre trous.

2. Drive the provided plastic anchors into the holes. Skip this step if you are mounting on wood. Next, fasten the hanging bracket on the wall using the screws.

2. Inserta los anclajes de plástico provistos en los agujeros.

Omite este paso si vas a montar en madera. A continuación, fija el soporte de suspensión en la pared utilizando los tornillos.

2. Insérez les chevilles en plastique fournies dans les trous.

Passez cette étape si vous montez sur du bois. Ensuite, fixez le support de suspension sur le mur à l'aide des vis.

3. Hang the feeder on the wall.

3. Cuelga el comedero en la pared.

3. Accrochez le mangeoire sur le mur.

# Adding Birdseed

# Cleaning

\* Please note that bleach should not be used.

\* Ten en cuenta que no se debe usar lejía.

\* Veuillez noter qu'il ne faut pas utiliser d'eau de Javel.

# Maintenance

## Seal Your Birdfy

Ensure the longevity of your bamboo Birdfy product by sealing it before use.

Asegura la longevidad de tu producto Birdfy de bambú mediante su sellado antes de usarlo.

Assurez la longévité de votre produit Birdfy en bambou en le scellant avec un produit d'étanchéité avant utilisation.

# Warning

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications made without explicit approval from the responsible party in compliance may result in the user being unauthorized to operate the device.

This device meets the FCC radiation exposure limits for uncontrolled

environments. To ensure safe installation and operation, maintain a minimum distance of 20cm between the radiator and your body.

FCC ID: 2BC96NI-8411

### **CE Statement**

The information provided on the packaging is allowed to identify geographical areas within the member states where restrictions on use or requirements for authorized use exist, if applicable. The structure of the product allows it to be used in at least one member state without violating applicable requirements for the use of radio spectrum.

NETVUE INC.

1055 East Colorado Boulevard 5th Floor  
Pasadena, CA, 91106

### **IC Statement**

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils

radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

3. L'appareil ne doit pas produire de brouillage;
4. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Cet équipement respecte les limites d'exposition au rayonnement IC établies pour un environnement non contrôlé.

Cet émetteur ne doit pas être localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé à une distance minimale de 20cm entre le radiateur et votre corps.

Contains batteries, keep away from fire.

Enthält Batterien, von Feuer fernhalten.

Contient des piles, tenir à l'écart du feu.

Contiene batteria, tenere lontano dal fuoco.

Contiene baterías, mantener alejado del fuego.
