

S805

Technical drawing of a medical device, likely a catheter or probe, showing a side view. The device has a long, thin shaft with a curved tip and a handle with a circular control knob. A blue rectangular box highlights the CE mark and other regulatory markings on the shaft. Dimensions are indicated: 17.6mm for the length of the highlighted area, 2.0mm for the width of the highlighted area, and 3.0mm for the width of the handle.
