Description of Parts:

INSTRUCTIONS FOR USE

- Connect one end of the USB cable (included) to the Micro USB port under the unit, and the other end of the cable to the USB DC 5V source inside your car. Red light around the unit will turn on.
- Press the lock button to release the front clamp and secure the unit onto the grill of air vent.
- Then, secure your phone safely and tightly with the phone mount.
- Wireless charging of the phone will start immediately, with the Red light around the unit turning to Blue.
- Remove your phone from the phone mount after fully recharging.

IMPORTANT: Some phone cases do not support Wireless Charging due to their thickness and design. If your Phone model is compatible with Wireless Charging and you're unable to charge it wirelessly, please remove your phone case and retry.

Steps to disassemble the mounting clamp

1. Turn the knob counterclockwise to loosen it.	
2. As the knob is fully unscrewed, pull the mounting clamp out of the phone holder.	

REMARK: Reverse above steps to assemble the mounting clamp again.
