FCC Warning Statement
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

ISED Canada Statement:
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada 's licence-exempt RSS(s). Operation is subject to the following two conditions:
1) This device may not cause interference and
2) this device must accept any interference, including interference that may cause undesired operation of the device.
Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment
RF Exposure Statement
To maintain compliance with IC's RF Exposure guidelines, The installation and operation of the device should meet the requirements for portable devices. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

Déclaration du Canada:
Ce dispositif contient des transmetteurs/récepteurs transmitters exemptés de licence qui sont conformes à l'innovation, à la Science et au développement économique.
Les flux RSS du Canada exempts de licences. L'exploitation est soumise aux deux conditions suivantes:
1) cet appareil ne doit pas causer d'interférences et
2) ce dispositif doit accepter toute interférence, y compris toute interférence pouvant entraîner un fonctionnement indésirable du dispositif.
Exposition au rayonnement: cet équipement est conforme aux limites d'exposition au rayonnement établies par le Canada pour un environnement non contrôlé.
Déclaration d'exposition aux RF
Pour rester en conformité avec les lignes directrices d'exposition RF d'IC, Cet équipement doit être installé et actionné conformément aux exigences de l'équipement portable. Ce dispositif et ses antennes ne doivent pas être co-localisées ni fonctionner en conjonction avec une autre antenne ou un autre émetteur

Product Parameters

Product Name:	Smart Ear Wax Removal Kit
Model Number:	Y-201
Web Standards:	802.11g/n protocol, 802.11b protocol
Antenna Type:	Internal antenna
Working Frequency:	2.4Ghz
Image Transfer Rate:	20-30fps
Image Sensor:	CMOS
Pixel:	3 megapixels
Battery Capacity:	300 mAh
Working Time:	90 min
Charging Time:	60 min
Input Current:	USB 5V 0.5A
Lens Diameter:	3.5 mm
Best Focal Length:	15-20 mm
Depth of Field:	10-50 mm
Gyro:	5 axis
Working Temperature:	-10-45℃

Common Problems and Solutions

Problems	Solutions
The camera is blurry/unclear.	Wipe the lens gently with an alcohol swab.
No response when booting.	Try again after fully charging.
The App crashes.	Clean up the running APPs of the phone, and then Restart the APP.
