

## Due Diligence Letter

For Certification Service in the USA

**Federal Communications Commission**

Equipment Authorization Division, Application Processing Branch  
7435 Oakland Mills Road  
**Columbia, MD 21048**

To whom it may concern

| FCC ID           | Model name                                                                                                                          |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| 2BCKNMESLF32TYSX | MESLF32TYSX, D8SX01, D8SX02, D8SX03, D8SX04, D8SX05, D8SX06, D8SX07, L3SX01, L3SX02, L3SX03, L3SX04, L3SX05, L3SX06, L3SX07, L3SX08 |

Pursuant to KDB 986446 D01 Covered Equipment Guidance the evaluation of the product above shows compliance for the following reasons:

| Compliance             |                                     | Evaluation process                                                                               | Results    |
|------------------------|-------------------------------------|--------------------------------------------------------------------------------------------------|------------|
| Inherent compliance    | <input checked="" type="checkbox"/> | The chipset(s) used is not capable of running the cybersecurity and/or anti-virus software       | Compliance |
|                        | <input checked="" type="checkbox"/> | The memory used does not allow the running the cybersecurity and/or anti-virus software          | Compliance |
|                        | <input checked="" type="checkbox"/> | The storage capacity does not allow the running the cybersecurity and/or anti-virus software     | Compliance |
|                        | <input checked="" type="checkbox"/> | The operating system used is not capable of running the cybersecurity and/or anti-virus software | Compliance |
| No inherent compliance | <input type="checkbox"/>            | Based on software bill of material                                                               |            |
|                        | <input type="checkbox"/>            | Based on scan for running software on the device                                                 |            |
|                        | <input type="checkbox"/>            | Based on filesystem scan for cybersecurity and/or anti-virus software                            |            |

The equipment for which authorization is sought complies with the rules and fulfils the requirements as detailed in the above mentioned KDB.
