- Charge in full before first use.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.
- Type-C Cable included for charging only.

2 Product Contents

3 Technical Information

Working Voltage	3.7-4.2V
Charging Power	DC5V±0.25V
Version	Version 5.0
Recharge Method	Type-C
Battery Capacity	600mA
Rated Power	3W
Tumbler Material	Food grade 304 Double Wall stainless steel
Product Size	10.5*10.5*21.5 (cm)
Tumbler Capacity	890ml: 30OZ
Product Weight	450g

4 Connecting Your Device

- Turn on wireless speaker by pressing and holding. ①
- Turn your phone device on search mode. Find device named "NY05"
- Once a connection with media device has been established, "pairing successfully" will sound.

5 Bluetooth Speaker Functions

6 Power Recharging

- Connect the Type-C cable included to charge your wireless speaker tumbler through a computer Type-C port or power adapter.
- **Low Power Warning:** When voltage is lower than 3.3V, "low battery please charge" will sound. Leave for at least 1.5 hours for full charge.

7 Tumbler Cleaning Instructions

- To clean the tumbler, first remove the speaker at the bottom of the tumbler by twisting and unscrewing the speaker from the body. This will avoid damage to the speaker while cleaning. Clean the speaker bottom separately by wiping with a damp cloth.
- Hand wash tumbler recommended.
- Use non-abrasive cleaner.
- Not intended for use in freezer or microwave.
- Caution when handling hot liquids.
- We do not recommend submerging the speaker.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
