

5GHz 15dBi dual-polarized directional panel antenna

- ◆ Designed for 5GHz ISM band applications
- ◆ High gain and low VSWR
- ◆ All-weather operation
- ◆ Low profile small size

TECHNICAL SUPPORT

The highly acclaimed LigoWave support team is always ready to help you solve all arising problems or give professional advice about your network design, deployment.

Electrical Specifications

Frequency range	5180-5240MHz	5745-5825MHz	2412-2462MHz
Gain	15 dBi	15 dBi	0 dBi
Polarization	Dual linear	Dual linear	Dual linear
Cross-pol Isolation	21 dBi	21 dBi	1 dBi
Max VSWR	<1.4	<1.4	<1.4
H-pol Beamwidth	35 deg	35 deg	35 deg
V-pol Beamwidth	35 deg	35 deg	35 deg
Elevation Beamwidth	35 deg	35 deg	35 deg
Impedance	50 ohms	50 ohms	50 ohms
Connector type	MCX	MCX	MCX
